the most popular introduction to amateur radio this guide offers a unique mix of technology public service convenience and fun all levels of ham radio operators can brush up on their skills and use the book to study for their first license exam with the latest questions pool with answer key

pass the 50 question extra class test all the exam questions with answer key for use beginning july 1 2008 to june 30 2012 detailed explanations for all questions including fcc rules cover

the most complete book about amateur radio on the air operating ever published cover subtitle

this book includes useful tips and tricks for the configuration and operation of the amazing yaesu ftdx101d and ftdx101mp transceivers rather than duplicate the manuals which describe each button function and control individually i have used a more functional approach this is a

how to do it book with easy to follow step by step instructions for example i describe how to set up the transceiver for ssb operation then i follow that up for cw fm rtty psk and external digital mode software such as ft8 the aim is not to replace the manual but to explain how to configure and operate the radio to take advantage of its many great features for example when i cover the front panel controls i explain not only what the control does but how and when to use it along the way i offer a few tips on how i configured my radio you don t have to follow these suggestions but they provide some guidance the ftdx101 transceivers have superb technical specifications and the ftdx101d currently holds the top position on the highly regarded sherwood engineering transceiver performance table the book covers both variants of the transceiver the ftdx101 is a truly exceptional radio for contesting or working dx stations learn about the dual receivers the band scope display and the new ft8 preset this book will help you get the most from this complicated transceiver

a guide to shortwave broadcasts in more than 100 countries
