australia is one of the most ethnically diverse societies in the world today from its ancient indigenous origins to british colonisation followed by waves of european then international migration in the twentieth century the island continent is home to people from all over the globe each new wave of settlers has had a profound impact on

australian society and culture the australian people documents the dramatic history of australian settlement and describes the rich ethnic and cultural inheritance of the nation through the contributions of its people it is one of the largest reference works of its kind with approximately 250 expert contributors and almost one million words illustrated in colour and black and white the book is both a comprehensive encyclopedia and a survey of the controversial debates about citizenship and multiculturalism now that australia has attained the centenary of its federation

this book presents psychological assessment and intervention in a cultural and relational context a diverse range of contributors representing six continents and eleven countries write about their therapeutic interventions all of which break the traditional assessor as expert oriented framework and offer a creative adaptation in service delivery a collaborative therapeutic assessment model including work with immigrant communities and indigenous modalities underscore individual and collective case illustrations highlighting equality in the roles of the provider and the receiver of services the universality and uniqueness of culture are explored as a construct and through case material some chapters describe a partnership with a eurocentric scientific model while others adopt a purely community method preserved with indigenous language and subjective methodology this volume brings together diverse therapeutic collaborative ideas and recognizes relational community and cultural psychologies as integral to mainstream assessment and intervention literature this book is essential for psychologists and clinicians internationally and graduate students

this new edition focuses on practice in mental health and psychiatric care integrating theory and the realities of practice mental wellness is featured as a concept and the consideration of a range of psychosocial factors helps students contextualise mental illness and psychiatric disorders
