Jonathan Langston is a culture hero to many of the South Vietnamese people whom he has befriended under the guidance of retired General Alexander Sloan and under the guise of Sloan and Langston's undercover organization called the Foundation. Jon and his Vietnamese friend Quan fight to destroy the drug cartels set up during the Vietnam War which are trying to control the banking industry in Vietnam and other countries including America. Factored into the equation is Anh Phon, Quan's wife, and Tuyet, a woman he rescued from death when she was a young girl during their escape to safety from the North Vietnamese. An old Vietnamese woman tells Tuyet and Jon that they are destined to be together for both of them after years of loneliness and unhappiness. Jon swears that this mission for the General and the Foundation will be the last so that he and Tuyet can be together. What he and Quan and his army of mountain soldiers, the Montagnards, don't count on is betrayal by top government officials and the kidnappings of Anh Phon, Tuyet, and the General. Only through Jon's shrewd thinking and the help from his friends is he able to save those who mean the most to him so that he can strive to leave his former life behind and begin a new one with Tuyet.
