in the first decades of the twenty first century science fiction literature has been transformed in many ways as the genre has reacted to the dominating influence of films television and video games the growing popularity of fantasy the rise of young adult science fiction and graphic novels the impact of the internet and social media and the increasing diversity of the authors characters and often non western settings the essays making up this volume address these and other changes in two ways some consider new critical approaches to science fiction in response to changing circumstances including analyses of how evolutionary psychology explains today s science fiction the emerging subgenre of cli fi exploring the effects of climate change the use of

science fiction in different areas of the college curriculum and a statistical method for identifying works of science fiction others examine significant new authors such as nalo hopkinson charles stross paolo bacigalupi suzanne collins mira grant john sandford and david mura contributors include science fiction author howard v hendrix and experts in the fields of chinese studies gender studies literature philosophy and religion

a century and a half after the abolition of slavery in the united states survivors of contemporary forms of enslavement from around the world have revived a powerful tool of the abolitionist movement first person narratives of slavery and freedom just as frederick douglass harriet jacobs and others used autobiographical testimonies in the fight to eradicate slavery today s new slave narrators play a crucial role in shaping an antislavery agenda their writings unveil the systemic underpinnings of global slavery while critiquing the precarity of their hard fought freedom at the same time the demands of antislavery organizations religious groups and book publishers circumscribe the voices of the enslaved coopting their narratives in support of alternative agendas in this pathbreaking interdisciplinary study laura t murphy argues that the slave narrative has reemerged as a twenty first century genre that has gained new currency in the context of the memoir boom post 9 11 anti islamic sentiment and conservative family values politics she analyzes a diverse range of dozens of book length accounts of modern slavery from africa asia the united states the united kingdom and europe examining the narrative strategies that survivors of slavery employ to make their experiences legible and to promote a reinvigorated antislavery agenda by putting these stories into conversation with one another the new slave narrative reveals an emergent survivor centered counterdiscourse of collaboration and systemic change that offers an urgent critique of the systems that maintain contemporary slavery as well as of the human rights industry and the antislavery movement

this book is aimed at class teachers of reception to year 3 seeking ideas to develop their pupils speaking and listening skills the author describes each activity in an easy to follow format with links to the relevant curriculum targets the most valuable part of the book is the commentary from the author s own teaching experience this provides some useful insights such as the fact that the flow of children s ideas was improved while they had a discussion while engaged in drawing the book is easy to read it provide s a practical guide to some tried and tested speaking and listening activities which may be useful for the beginning foundation or key stage 1 teacher special do the children in your class need help with language and listening skills lots of ideas and suggestions for activities using and encouraging talk in the classroom make this book a lively practical guide to encouraging young children to develop their verbal reasoning skills and to communicate more effectively there is advice on how to tie in these activities with the various curriculum subjects and the following are covered setting up a talk corner using story bags and story boxes using circle time and playing games to encourage talk in each activity there are directions for helping children with special educational needs working with teaching assistants tas and other adults in the classroom planning and assessing work and finding suitable resources a selection of photocopiable material is included and all the suggestions and ideas in the book have been tried and tested by the author in her own classroom the focus of this book is on young children aged 5 to 8 but the activities can be adapted to suit those younger or older

rooted in the oral traditions of cultures worldwide fairy tales have long played

an integral part in children's upbringing filled with gothic and fantastical elements like monsters dragons evil step parents and fairy godmothers fairy tales remain important tools for teaching children about themselves and the dangers and joys of the world around them in this collection of new essays literary scholars examine gothic elements in more recent entries into the fairy tale genre for instance david almond's skellig neil gaiman's the graveyard book and coraline and leemony snicket's a series of unfortunate events exploring such themes as surviving incest and the capture and consumption of children although children's literature has seen an increase in reality based stories that allow children no room for escape from their everyday lives these essays demonstrate the continuing importance of fairy tales in helping them live well rounded lives

current research increasingly highlights the role of early literacy in young children's development and facilitates the growth of practices and policies that promote success among diverse learners the handbook of early literacy research presents cutting edge knowledge on all aspects of literacy learning in the preschool years volume 1 covers such essential topics as major theories of early literacy writing development understanding learning disabilities including early intervention approaches cultural and socioeconomic contexts of literacy development and tutoring programs and other special intervention efforts

presents extended reviews of noteworthy books short reviews essays and articles on topics and trends in publishing literature culture and the arts includes lists of best sellers hardcover and paperback

a primary source for the continuous development evaluation and maintenance of existing collections includes books big books large type books periodicals art and study prints pictures sound filmstrips sound recording discs and cassettes compact discs multimedia kits videocassettes microcomputer software videodiscs and cd rom products
