as manifest destiny took hold in the national consciousness what did it mean for african americans who were excluded from its ambitions for an expanding american empire that would shepherd the western hemisphere into a new era of civilization and prosperity r j boutelle explores how black intellectuals like daniel peterson james mccune smith mary ann shadd henry bibb and martin delany engaged this cultural mythology to theorize and practice black internationalism he uncovers how their strategies for challenging manifest destiny s white nationalist ideology and expansionist political agenda constituted a form of disidentification a deconstructing and reassembling of this discourse that marshals black experiences as racialized subjects to imagine novel geopolitical mythologies and projects to compete with manifest destiny employing black internationalist hemispheric and diasporic frameworks to examine the emigrationist and solidarity projects that african americans proposed as alternatives to manifest destiny boutelle attends to sites integral to us aspirations of hemispheric dominion liberia nicaragua canada and cuba in doing so boutelle offers a searing history of how internalized fantasies of american exceptionalism burdened the black geopolitical imagination that encouraged settler colonial and imperialist projects in the americas and west africa

what do we mean in the u s today when we use the terms race and ethnicity what do we

mean and what do we understand when we use the five standard race ethnic categories white black asian native american and hispanic most federal and state data collection agencies use these terms without explicit attention and thereby create categories of american ethnicity for political purposes davora yanow argues that race and ethnicity are socially constructed concepts not objective scientifically grounded variables and do not accurately represent the real world she joins the growing critique of the unreflective use of race and ethnicity in american policymaking through an exploration of how these terms are used in everyday practices her book is filled with current examples and analyses from a wealth of social institutions health care education criminal justice and government at all levels the questions she raises for society and public policy are endless yanow maintains that these issues must be addressed explicitly publicly and nationally if we are to make our policy and administrative institutions operate more effectively

in race in north america audrey smedley shows that race is a cultural invention that has been used variously and opportunistically since the eighteenth century race in its origin was not a product of science but of a folk ideology reflecting a new form of social stratification and a rationalization for inequality among the peoples of north america new coauthor brian smedley joins audrey smedley in updating this renowned and groundbreaking text the fourth edition includes a compelling new chapter on the health impacts of the racial worldview as well as a thoroughly rewritten chapter that explores the election of barack obama and the evolving role of race in american political history this edition also incorporates recent findings on the human genome and the implications of genomics drawing on new understandings of dna expression the authors scrutinize the positions of contemporary race scientists who maintain that race is a valid biological concept provided by publisher

in this book lehman examines america s race problem with the understanding that america usually addresses race with the assumption that all things regarding race are presently correct and accurate in so doing america fails to confront the real problem of race after discussing various aspects of race and its manifestations using both academic and secular references the book presents a challenge to america to recognize its race problem by examining its present day perceptions language and behavior some of the topics discussed include color normalcy racial priority and slavery s legacy the chapter the race box will engage the reader in a discussion that can have a major impact on the way race is viewed by individuals in american society

with a few exceptions these essays were originally presented at a conference in madison wisconsin november 1989 two contributions giving historical perspective lead off a personal memoir and discussion of the significance for america and the world of black protest fourteen contributions follow on the legal struggle the persistence of discrimination and perspectives on the past and future

issues for include annual air transport progress issue

with the social change brought on by the great migration of african americans into the urban

northeast after the great war came a surge of a biracial sensibility in america this book examines what white and black people thought about race and attempted to control the demographic transformation

this book traces changes in american attitudes toward racial issues that have taken place between the 1940s and the 1980s a crucial period that encompasses the civil rights revolution the growth of black militancy and white resistance and the enactment of affirmative action legislation the authors are the first to compare data about black and white attitudes collected by three major survey organizations gallup the national opinion research center and the institute for social research they make careful distinctions between attitudes toward principles of racial equality and attitudes toward government action to implement those principles the wide research base and methodological sophistication of their analysis yield conclusions quite different from those of earlier more narrowly drawn studies for example they find that while there has been a striking increase in support for principles of equality and fairness support for some kinds of implementation of these ideals lags far behind or has even declined among both blacks and whites the implementation measures considered range from busing to achieve integration of schools to laws requiring equal opportunity in employment in addition to reanalyzing survey data the authors have also performed several innovative experiments on the wording and context of survey questions to help them interpret the data more accurately

a long awaited history that promises to dramatically change our understanding of race in america what comes naturally traces the origins spread and demise of miscegenation laws in the united states laws that banned interracial marriage and sex most often between whites and members of other races peggy pascoe demonstrates how these laws were enacted and applied not just in the south but throughout most of the country in the west the north and the midwest beginning in the reconstruction era when the term miscegenation first was coined she traces the creation of a racial hierarchy that bolstered white supremacy and banned the marriage of whites to chinese japanese filipinos and american indians as well as the marriage of whites to blacks she ends not simply with the landmark 1967 case of loving v virginia in which the supreme court finally struck down miscegenation laws throughout the country but looks at the implications of ideas of colorblindness that replaced them what comes naturally is both accessible to the general reader and informative to the specialist a rare feat for an original work of history based on archival research

in this long awaited updated edition of race liberty in america the essential reader editor jonathan bean presents the timeless and urgent insights classical liberalism has to offer our troubled and polarized time in 2009 when race liberty in america the essential reader was originally published there was a spirit of optimism surrounding race relations fifteen years later a far different spirit prevails one fraught with tensions many regrettably familiar and some new which raises the question what happened and more importantly how can we set things right with new contributions from thomas sowell coleman hughes thomas chatterton williams wilfred reilly kenny xu david bernstein and ilya somin as well as a plethora of primary source evidence from recent landmark us supreme court decisions bean champions the values of colorblindness

freedom and equal constitutional protection for all individuals regardless of race it s a message that couldn t be more timely this first collection of writings on race and immigration to document the role of the classical liberal tradition a tradition rooted in natural law principles of individual rights and liberty reveals why classical liberals have espoused unalien able rights derived from god individual freedom from government control the constitution as a guarantor of freedom color blind law and capitalism how classical liberals led the fights against slavery and racism against seemingly insurmountable odds and long before such positions became popular what classical liberals defense of a natural right to migration implies for today s immigration controversies how capitalism undermines racism by penalizing those who act on their taste for discrimination why america s obtuse preoccupation with left versus right politics overshadows solutions to racial division how we can improve race relations in the united states today and much much more from the declaration of independence the antislavery movement post civil war reconstruction the progressive era the great depression and world war ii the civil rights era george floyd and black lives matter all the way up to the present day each chapter in this new and improved updated edition illuminates how specific time periods in american history grappled with the demands of equality citing such influential americans as thomas jefferson louis marshall frederick douglass booker t washington and zora neale hurston plus those missing from other books and heretofore lost to history bean shows how classical liberal thought on race relations has helped shape both law and public opinion and how it will need to do so again if america as we know it is to prosper and thrive if you re ready to trade the tired and failed left versus right politics for timeless principles that actually work and uplift societies read *Race Liberty in America*

an examination of race in america the causes of the increasing friction between black and white americans and the possibility of hope for a more harmonious future the author looks closely at his own life in an integrated society and in challenging his own preconceptions about race causes us to rethink our own

when thomas gossett s *Race: The History of an Idea in America* appeared in 1963 it explored the impact of race theory on american letters in a way that anticipated the investigation of race and culture being conducted today bold rigorous and broad in scope gossett s book quickly established itself as a critical resource to younger scholars seeking a candid theoretically sophisticated treatment of race in american cultural history here reprinted without change is gossett s classic study making available to a new generation of scholars a lucid accessibly written volume that ranges from colonial race theory and its european antecedents through eighteenth and nineteenth century race pseudoscience to the racist dimension of american thought and literature emerging against backgrounds such as anglo saxonism westward expansion social darwinism xenophobia world war i and modern racial theory featuring a new afterword by the author an introduction by series editors shelley fisher fishkin and arnold rampersad and a bibliographic essay by maghan keita this indispensable book whose first edition helped change the way scholars discussed race will richly reward scholars of american studies american literature and african american studies
