there has been an upsurge in books television programmes films and websites exploring the reality or otherwise of the spirit world not since the founding of the ghost club in 1862 and the society for psychical research in 1882 has ghost hunting been so popular television and the internet in particular have fueled this new level of interest creating a modern media phenomenon that spans the globe but while the demand for information is high good information remains scarce a brief guide to ghost hunting leads us through the process of ghost hunting from initially weighing the first report to choosing equipment and investigating and identifying the phenomena with

an analysis of the best places to go looking methods of contacting the spirit world how to explain paranormal activity and crucially how to survive the encounter however it is also a book about ghost hunting itself drawing on 130 years of research in the cavernous archives of the society for psychical research and even older history to find the earliest ghost stories a ghost hunting survey makes use of interviews with those billing themselves as ghost hunters to find out their views motivations and experiences new and original research makes use of statistics to map the nebulous world of apparitions while a preliminary survey of hauntings offers an analysis of 923 reported phenomena from 263 locations across the uk this is as far as possible an objective presentation of ghosts and ghost hunting it is no wonder that mainstream science largely refuses to deal with the subject it is too complicated without trying to convince you of any viewpoint this book is intended to help you understand more

dive into the ghostly world of the supernatural with america s leading paranormal investigator inside paranormal investigator star and executive producer of the travel channel s hit series ghost adventures and founder of the award winning haunted museum las vegas most popular attraction zak bagans takes readers on an exciting journey into the supernatural world with insider information on the history of ghost hunting to learning about ghosts with all kinds of temperaments ghost hunting for dummies is peppered with true accounts and stories from bagans famous cases and investigations featuring expert advice on picking a haunted location setting up cameras and dealing with unwieldy ghosts this book shows how today s investigators use the tools of modern science to study a wide range of paranormal activity take an exciting adventure into the supernatural world explore haunted sites get messages from beyond the grave read true accounts from famous cases and investigations if you re one of the countless fans of ghost adventures itching to get off the couch and track some spirits on your own this book provides everything you need to know to conduct a successful paranormal investigation

do ghosts exist groups of ghost hunters are bringing modern technology to bear in seeking answers to this age old question this book tells how ghost hunters go about their investigations using devices such as those that monitor or measure changes in light sound and temperature and to what

extent they have succeeded it also examines the divide between those who see ghost hunting as science and those who see it as something less

if you're one of the countless fans of ghost hunting tv shows itching to get off the couch and track some spirits on your own this book provides everything you need to know to conduct a successful paranormal investigation professional ghost hunter rich newman shares proven scientific methods tried and true low tech approaches and the latest technology used by the pros you'll learn what ghosts are why hauntings occur the different types of supernatural phenomena and the importance of conducting responsible investigations find out how to form a team interact with ghosts gather and examine evidence and what not to do when seeking spirits along with helpful hints insider tips and seasoned insights gained from newman's decade of field work ghost hunting for beginners is peppered with true accounts of ghost stories from famous cases and the author's own investigations

a leading psychical researcher takes an in depth look at ghost hunters both past and present who are these intrepid explorers of the unknown how do they probe and examine the realms of the seemingly inexplicable what are their conclusions in fascinating detail peter underwood profiles the lives and adventures of some of the most famous names in psychical investigation

paranormal technology is the first book to provide a scientific method for ghost hunting which includes in depth explanations of what the collected data means paranormal technology offers new techniques answers questions and provides experiments which will help bridge the gap between the paranormal and science written in everyday language it offers keen insights into the nature of paranormal phenomena the protocols required for collecting evidence that will stand up to scientific scrutiny and the possible theories that may explain the source of ghosts currently employed test equipment is examined and proper use is covered in great detail paranormal technology is an indispensable aid to any scientific researcher or ghost hunting group whether you are a beginner or with many years of experience this book is not a means to an end but rather an invitation to a fresh beginning

the ghost hunter s field guide features over 1 000 haunted places around the country in all fifty states that you can investigate yourself experience ghostly activity at battlefields theaters saloons hotels museums resorts parks and other spooky sites all of which are completely safe and accessible from alabama to wyoming you ll find out where to go to glimpse the unquiet spirits of civil war soldiers plantation slaves criminals and other entities this alphabetized reference guide features over 100 photos and for each location includes the fascinating tales behind the haunting flip to your state to see what kind of paranormal phenomena commonly occur at each site apparitions shadow shapes phantom sounds and scents residual hauntings psychokinetic activity and more ford s theatre the whaley house museum the lizzie borden bed and breakfast alcatraz island the queen mary the bell witch cave

in the yoga of ghost hunting discover a new perspective on ghost hunting touring haunted houses is an exciting pastime but there is so much more to it than that when dealing with the afterlife and metaphysical realities it helps to have the insights of those who have explored those worlds and returned to enlighten us yoga to the rescue yoga is much more than physical postures it is an ancient spiritual science that offers answers to many questions related to the supernatural learn what the yogis have revealed tips and techniques that can help you with your paranormal investigations let yogi author richard salva enlighten you about the hidden yogic secrets that every ghost hunter should know discover how to protect yourself psychically banish spirits overcome fears of ghosts connect with helpful spirits achieve mental clarity and much more from the author s introduction as a daily practitioner for more than thirty years of meditation and the deeper teachings of yoga i have found it curious that even though i have not sought them out i have crossed paths with ghosts and other astral forces in fact when i was asked to lecture on my book the reincarnation of abraham lincoln at a paranormal conference a few years ago i realized that i had a lot to say on the subjects of ghosts and ghost hunting it also became clear as i spoke that most of what i was saying was new to my listeners i was presenting a view of ghost hunting that veteran ghost hunters had never heard before in addition i was aware of techniques and concepts that could help ghost hunters achieve greater success in their efforts and avoid some of the

pitfalls of their pastime here then is the essence of what i have shared at ghost hunting conferences along with additional helpful tips and techniques all based on ancient yogic teachings once we know more about what ghosts are and the world in which they live we can gain a better understanding of what we may experience on a ghost hunt
