a manual for discipleship is much needed in our time especially because many people are ripe for harvest in christ s time jesus expressed compassion for the multitudes who were lost and without direction and felt the need for more

laborers he said but when he saw the multitudes he was moved with compassion on them because they fainted and were scattered abroad as sheep having no shepherd then saith he unto his disciples the harvest truly is plenteous but the labourers are few pray ye therefore the lord of the harvest that he will send forth labourers into his harvest matthew 9 36 38 the problem today is that many christians and church members do not participate in soul winning and discipleship because of the lack of knowledge and others rely on the pastor to do the job some christian workers would do bible study and when they run out of topics or are unprepared they would depend on their feelings or get an old stocked topic to share though there are well equipped preachers who can share any time with great knowledge of the bible yet others find it difficult to teach without much preparation most christians do not get involved in soul winning and discipleship because they felt they are not capable to lead and they think it takes time to learn actually you do not have to be a pastor a seminary graduate or have much theological knowledge in order to start winning souls and leading others even if you feel you are an ordinary person god can use you to lead bible studies there is a saying god uses ordinary people to accomplish great and extra ordinary task as you avail yourself to study and lead others you will grow spiritually and become effective in leadership with the help of discipleship materials knowledge grows through study and practice the liberal soul shall be made fat and he that watereth shall be watered also himself proverbs 11 25 this manual of discipleship was written to help a believer grow as well as equip him to share his faith it will also motivate contacts to continue with the bible study as they accomplish a lesson and progress into advance topics

A discipleship manual for training believers to become disciples who will make other disciples.

This thorough and biblical discipleship manual will prove to be practical and edifying to those who are new believers and will challenge those who have known Christ longer to go forward to greater Christ likeness and spiritual maturity. These four biblical alphabets can be used in many settings: personal study, one-on-one discipleship, small groups, Sunday school, class curriculum, and Christian school and home school Bible study material. Christian growth from A to Z is a wonderful help to lead a Christian from salvation to maturity in Christ. This is an excellent help for those mentoring new converts or students in Sunday school and other class settings. I especially appreciate the focus on knowing God and His attributes. It is evident that this work comes out of the many needs that Brother Lowery has seen after many years of ministry. Dr. Les Ollila, Chancellor, Northland Baptist Bible College.

For many years now I have been concerned that I have not had material readily available to give to young Christians who want to know their way around the religious maze that they have found themselves in upon getting saved from a life of sin. This concern has been heightened as the Lord has been pleased to give fruit to the ministries/departments of our church in terms of a fairly good number of fresh conversions. I have wanted something to place in their hands that would act as a guide as they found their way in their new life in Christ. I have looked at my bookshelf and found that the books I have there were either too heavy for an average young Christian today or they only dealt with one area of the Christian life, e.g., assurance of salvation. Yet what I have wanted is the kind of book that a young Christian could read and find the entire orbit of the Christian life described in small compass. There were times when I thought I came across something that approximated what I wanted, but I would find that it left out what I would consider important, e.g., Christian doctrine, because it was inter-denominational. Finally, I decided to put aside the

excuse of being too busy to do the spadework myself and with the encouragement of my fellow church elders and neighbouring pastors i came up with a curriculum we called upon a church meeting where we asked the members looking back in your christian pilgrimage what is it that you wish you had been taught when you just became a christian which perhaps you learnt later after many wasted years the answers that were given by the church helped to further shape and refine the curriculum that makes up the chapters of this book some of the topics covered in this discipleship manual are assurance of salvation nurturing a culture of reading christian doctrine personal devotions personal evangelism christian friendship church commitment and godliness the book also has an appendix that explains how to use this manual to disciple others

disciple the information in this course is vital to completing the great commission too often when an individual accepts christ as savior we rejoice which we should put them in a place where they can learn to live the life and consider them to be a disciple this course begins by defining the word disciple to mean what jesus meant for it to mean when he gave his instructions in matthew 28 19 20 when we make a convert we only add to the church when we teach the convert to lead others to christ and then to teach the others to do the same we multiply and after completing courses one two and three the student will have a clear understanding of the difference upon completing the four courses the student should be ready to teach the material to others and is ready to introduce another to christ form a small group and with the help of the church lead three or more new people into becoming true disciples ready to reach others for the lord thus beginning the multiplication process
