this text provides a comprehensive survey of the major theories and research on leadership and managerial effectiveness in formal organizations with practical suggestions for improving leadership skills

this book focuses on effective leadership in organizations through both theory and practice it explains and critiques the major theories and studies that are most relevant and informative and reviews what we know about leadership effectiveness the combination of theory and practice makes this text a useful resource for practicing managers who are looking for something more than superficial answers to difficult questions about leadership

leadership in organizations 9e aspires to deepen the understanding of leadership in global business both in theory and practice by drawing perspectives from the latest advancements in international business the chapters and cases included in this edition focus upon the theoretical empirical and policy and practitioner aspects of a wide range of topics including subordinate management motivation and job satisfaction among others the geographical spread of topics and cases presented in the present edition provide a truly global flavor the book is not only appropriate for use as the primary text in an undergraduate or graduate course in leadership but it also useful for practicing managers and consultants who are looking for answers to difficult questions about leadership

leadership in organizations is the first in a series of three books written primarily for distance learning students in online undergraduate and graduate programs with a focus on management leadership and organizational development this first book introduces concepts theories and principles of leadership across a broad spectrum and is intended for students in online courses on leadership management and business a signature theme of the book is the distinction between leadership and management this book presents a real world view to help students learn to recognize the dynamics of leadership theory in operation so that they can begin to apply these principles to situations in their work environments

the need to develop better business leaders has never been greater leadership for organizations provides a brief overview of leadership at the individual team and organizational levels authors david a waldman and charles o reilly expertly cover the foundational leadership approaches with a special emphasis on contemporary issues as well as visionary and strategic leadership video cases from the stanford leadership in focus video collection are available exclusively in the interactive ebook on vitalsource or redshelf

overcoming bad leadership in organizations brings together the foremost experts on the dark side of leadership to offer groundbreaking insights to leaders talent management professionals and psychologists the goal is to confront reality head on to shed the idea that leadership is always good and in this space increase our understanding of the perils of dysfunctional leadership

this book provides a detailed and critical examination of the literature on leadership in organizations giving special recognition to the needs of students of organizational behaviour and the social psychology of organizations after an examination of the complexity of the concept of leadership the author describes the major approaches to the analysis of leadership in organizations including the idea that effective leaders have special traits the various attempts to examine leader behaviour normative approaches to the study of leadership and the various theories which emphasize the importance of recognizing situational differences in

understanding leadership effectiveness

the existing anchored systems and layers of complexities involved in the interpretation of various leadership styles are discussed in this book smart power as a component within the systems in leadership styles is explained coutu 2008 nye 2008 nye armitage 2007 hard and soft powers are part of the smart power conceptualization academicians and learners are challenged to have firm gravitas from triggers and cameos emanating from leadership styles that are disrupting existing systems des elements leadership theories are disruptively challenged bass 1985 1996 burns 1978 2006 germinal and seminar leadership theories are used to conceptualize interpret and rationalize why disruption of an existing system creates effective or ineffective leadership styles other elements in the systems are the value chains supply chains front and back offices functional operable machines disruptive technologies manpower capital or human capital and intellect that lead to optimal production of goods and services porter 1980b 1985 1990 porter stern 2001 part two dissects analyzes synthesizes and possibly amalgamates various organizational systems that were disrupted disruptions of the present systems in organizations such as virgin airways hewlett packard ups nokia aol time warner and yahoo are used as case studies to explicate this phenomenon part three explains the housing market in california and in the united states current economy recession due to housing foreclosures in the united states is discussed the united states contractions recessions and recoveries periods are illuminated affordable housing in the sub saharan african region is also explained for housing to be affordable and available for the middle income populations worldwide disrupting the anchored and entrenched existing policies remain a viable and pivotal option in chapter 16 professor ossian carraway uses narrative and statistical analysis to explain the phenomenon and concepts by traversing the landscape of disruptive technologies expansively

the quality of an organization s top leaders is a critical influence on its overall effectiveness and continuing adaptability yet little current research examines leadership within the context of organizational structure such as how leaders influence organizational performance in those key moments when an executive s action is critical to driving the organization forward this book represents a significant contribution to the literature of leadership combining a contextual approach to organizational leadership with an in depth treatment of the cognitive social and affective dynamics underlying that leadership the nature of organizational leadership using an interdisciplinary approach that draws from the work of scholars in both management and psychology provides a much need organizational perspective on the problems to confronted by top executive leaders and the requisite behaviors attributes and outcomes necessary to lead organizations effectively

what does it take to do more with less how can you do better than before or better than others how do you turn losses into wins or near bankruptcy into

strong profitability or abject failure into stellar success the power of uplift enables any organization to do more with less beat the competition and perform better than ever leaders who uplift their employees passions intellects and commitments produce remarkable results based on original research from a seven year global study uplifting leadership reveals how leaders from diverse organizations inspired and uplifted their teams performance distilling the six common characteristics of leaders at high performing organizations across business sports and education authors andy hargreaves alan boyle and alma harris explore the nature of uplift its impact on performance and the ways to achieve it within and beyond an organization s walls revealing how leaders identify and articulate an inspiring dream that is coherently connected to the best of what the organization has been before pursue that dream at a sustainable pace without squandering resources incurring excessive debt or burning people out forge paths of innovation and improvement that others have overlooked or rejected monitor progress by using metrics and indicators in a mindful and meaningful way build teams that naturally pull people into change rather than pushing them through it featuring case studies of organizations as diverse as shoebuy com fiat dogfish head craft brewery marks spencer cricket australia burnley football club and the vancouver giants as well as world leading educational systems uplifting leadership provides tools for leaders to incorporate these performance driving strategies into their own for leaders who want their people to try harder transform what they do reach for a higher purpose and stay resolute and resilient when opposing forces threaten to defeat them uplifting leadership provides a path to better performance across any organization

within contemporary culture leadership is seen in ways that appeal to celebrated societal values and norms as a result it is becoming difficult to use the language of leadership without at the same time assuming its essentially positive intrinsically affirmative nature within organizations routinely referring to bosses as leaders has therefore become both a symptom and a cause of a deep largely unexamined new conceptual architecture this architecture underpins how we think about authority and power at work capitalism and its turbo charged offspring neo liberalism have effectively captured leader and leadership to serve their own purposes in other words organizational leadership today is so often a particular kind of insidious conservativism dressed up in radical adjectives this book makes visible the work that the language of leadership does in perpetuating fictions that are useful for bosses of work organizations we do this so that we and anyone who shares similar discomforts can make a start in unravelling the fiction we contend that even if our views are contrary to the vast and powerful leadership industry our basic arguments rest on things that are plain and evident for all to see critical perspectives on leadership the language of corporate power will be key reading for students academics and practitioners in the disciplines of leadership organizational studies critical management studies sociology and the related disciplines

the oxford handbook of leadership and organizations brings together a collection of comprehensive state of the science reviews and perspectives on the most pressing historical and contemporary leadership issues with a particular focus on theory and research and looks to the future of the field

what defines leadership executives ask this question every time they choose a new leader or train their current leaders organizations must understand the fundamentals of leadership before making decisions about their leadership leaders are not created overnight becoming an effective leader involves considerable time and effort to hone the necessary skills and abilities training is considered as a key to develop leaders however understanding the concept of leadership is vital for leader s development the aim of this paper is to study the in depth context of leadership and its significance in organization effectiveness concept of paradigm shift has emphasized that volunteers administrator must serve as a focal point for leadership a comprehensive review of current literature is used to develop the ground for this paper this paper significantly contributes towards the literature of leadership by conceptualized role and effectiveness of leadership in organizations

in the science of leadership julian barling synthesizes current research on the nature of organizational leadership engaging in data rather than dogma driven discussion on controversial topics such as gender and leadership destructive leadership and followership in doing so barling provides answers to the questions of what leadership is whether leadership matters how leadership works and whether leadership is born or made

this book represents a selected collection of the writings from 1950 to 1960 of members of the human relations research group hrrg from ucla the writings are followed by independent comments and appraisal from different viewpoints prepared by distinguished experts in management theory group psycho therapy and psychology and sociology

today there are a growing number of business schools law schools and continuing education programs in executive development and management training that offer leadership classes despite the growing curricular recognition of this area there is a shortage of strong college level texts leadership second edition a completely up to date anthology of key writings by well known contributors meets this need for a textbook that encompasses the major theories in the field of leadership leadership is divided into six sections part i provides an overview of the subject with readings that examine what leaders actually do as well as the many myths surrounding the notion of leadership part ii focuses on the fundamentals of leadership by taking a close look at the specific tactics people use to get their own way these readings analyze the political games people play and the two way nature of leader subordinate influence part iii considers problems that can arise from leadership gone wrong when power and influence are abused the major formal models of leadership that have been offered over the years are

reviewed in part iv the next section looks at contemporary views of leadership emphasizing reliance on maturity of subordinates for success including leadership in the context of self directed work teams entrepreneurial leadership the notion of the leader as servant and examples of leaders who are recognized for having empowered others or for providing moral leadership the final section examines the roles of societal and organizational cultures as they pertain to leadership robert p vecchio has updated the second edition with six new articles aimed at upper level undergraduate and graduate level courses leadership continues to provide classic essays by the major figures in the field of leadership along with topical essays on current and emerging issues
