this is the authoritative reference work in the field an interdisciplinary set it investigates the extensive history design and methods of case study research

case study research in practice explores the theory and practice of case study research helen simons draws on her extensive experience of teaching and
conducting case study to provide a comprehensive and practical account of how to design conduct and communicate case study research it addresses
questions often raised by students and common misconceptions about case research in four sections the book covers rationale concept and design of case
study research methods ethics and reflexivity in case study interpreting analyzing and reporting the case generalizing and theorizing in case study research
rich with tales from the field and summary memos as an aide memoire to future action the book provides fresh insights and challenges for researchers to
guide their practice of case study research this is an ideal text for those studying and conducting case study research in education health and social care

and related social science disciplines helen simons is professor emeritus of education university of southampton

this book explores the unique group of elders ages fifty five and older who practice some form of consensual nonmonogamy it covers both the joys and challenges of multiple relationships for elders and explores how their relationships develop and evolve polyamorous elders have the complexities of juggling multiple relationships as well as navigating all the issues of aging managing medical conditions and disabilities their own and or their partners assuming caregiving responsibilities for aging relatives grieving the deaths of parents siblings and partners retiring from careers and starting new lives and potentially moving into some form of senior living drawing from her extensive clinical and personal experience working with this population kathy labriola provides anecdotes from polyamorous elders lives including the constellation of relationships surrounding each individual couple or triad this guide will help health care and mental health clinicians researchers and professionals as well as polyamorous elders and their loved ones better understand the concerns and diverse lifestyles of this population to better represent and support them

every health professional interacts with patients from different cultures to their own not just those from different countries ethnic or religious groups but also those with cultural differences due to sexual orientation lifestyle beliefs age gender social status or perceived economic worth the potential for confusions in communication and consequent problems are even greater in primary care mental health than in other areas this guide for all health professionals provides a model for working in mental health across cultures and outlines practical ways of using psychotherapy skills across cultures it can be used as personal preparation by individuals in any primary care setting at home or abroad or as a teaching tool for use with health professionals travelling to another culture including overseas aid workers and those moving to a new country it is also of great value to everyone interested in transcultural medicine wherever we work whoever we are we are working across cultures often without realising it the first step is to become conscious of this fact the next step is to read this book jill benson and jill thistlethwaite

how can a company that has never turned a profit have a multibillion dollar valuation why do some start ups attract large investments while others do not aswath damodaran finance professor and experienced investor argues that the power of story drives corporate value adding substance to numbers and persuading even cautious investors to take risks in business there are the storytellers who spin compelling narratives and the number crunchers who construct meaningful models and accounts both are essential to success but only by combining the two damodaran argues can a business deliver and sustain value through a range of case studies narrative and numbers describes how storytellers can better incorporate and narrate numbers and how number crunchers can calculate more imaginative models that withstand scrutiny damodaran considers uber s debut and how narrative is key to understanding different valuations he investigates why twitter and facebook were valued in the billions of dollars at their public offerings and why one

twitter has stagnated while the other facebook has grown damodaran also looks at more established business models such as apple and amazon to demonstrate how a company's history can both enrich and constrain its narrative and through vale a global brazil based mining company he shows the influence of external narrative and how country commodity and currency can shape a company's story narrative and numbers reveals the benefits challenges and pitfalls of weaving narratives around numbers and how one can best test a story's plausibility

public health and assisted reproduction in india making kinship othering women egg donation and exotic beauty the making of citizens and parents physician racism and the commodification of intimacy medicalized birth and the construction of risk constrained agency and power in surrogates everyday lives
