tizian zumthurn uses the extraordinary hospital of an extraordinary man to produce novel insights into the ordinary practice of biomedicine in colonial central africa his investigation of therapeutic routines in surgery maternity care psychiatry and the treatment of dysentery and leprosy reveals the incoherent nature of biomedicine and not just in africa reading rich archival sources against and along the grain the author combines concepts that appeal to those interested in the history of medicine and colonialism through the microcosm of the hospital zumthurn brings to light the social worlds of gabonese patients as well as european staff by refusing to easily categorize colonial medical encounters the book challenges our understanding of biomedicine as solely domineering or interactive

this biography provides a versatile insight into the life work and thought of albert schweitzer 1875 1965 nils ole oermann offers a detailed account of the multifaceted life of albert schweitzer who was a theologian organist philosopher physician and medical missionary schweitzer s life was not a straight path from the parsonage in alsace to the university of strasbourg then on to the hospital in lambarene and ending with the nobel peace prize in oslo in every life there are highs and lows victories and defeats and schweitzer s life was no exception these ups and downs however are barely discernible in schweitzer s 1931 autobiography out of my life and thought where he presents his life as an enormous purposefully constructed edifice the cornerstone of which was the principle of reverence for life and the almost inevitable outcome of which was the nobel peace prize to date biographers journalists and hagiographers have told and retold the story of schweitzer following this basic pattern with relatively little critical modification their schweitzer was a man whose demeanour and charisma set him apart from other intellectual giants of his time but not everything schweitzer records in his autobiography corresponds with what is found in the archives and in his unpublished writings it is on the basis of these historical sources and more recent publications that oermann attempts to sketch a more realistic picture of albert schweitzer oermann draws on newly uncovered personal papers which shed light on schweitzer s dealings with the east german authorities and his role in the anti nuclear movement he also builds on a number of interviews from those associated with schweitzer most notably his daughter

polygamy is a very complex phenomenon with a long tradition in africa but also in europe the anthology will contribute to the objectification of the discussion by portraying the variety of polygamous lifestyles showing the interconnections of family structure social and economic conditions cultural representations especially in fictive writing and oral tradition spiritual meaning and religious legitimation of this way of life between traditional belief christianity and islam case studies from different countries in africa south of the sahara will be added by historic examples since antiquity in europe up to the discussion in present times
