this book uses both oral and conventional historical methods to describe and analyze the history of lung transplantation in the us while drawing on accounts from doctors and other specialists it primarily focuses on the experiences of patients and explores themes of uncertainty timing identity coping and quality of life

in this ambitious theoretical encounter with five imaginary artists from the 1980s john roberts produces a set of richly constructed artistic thought experiments but in creating the work on the page these thought experiments are not thereby novelistic fictions on the contrary the fictiveness of each artist s work and biography is formed from roberts s critical engagement with the historical and theoretical determinates of the work he has created artwork and its theoretical engagement forming an interdependent whole

recent developments have made many social scientists and commentators wonder whether the united states is still a relatively modern secular and democratic society instead america shows signs of the cultural despair that preceded the rise of fascism in nazi germany taking a careful look at such critical moments as the assassination of john f kennedy the depression the assassination of president lincoln and the eves both of the civil war and of the american revolution this book shows that americans have long shown authoritarian and even fascist tendencies signs of despair that the nation is running out of time in these critical moments it finds evidence of a regressive cycle consisting of crisis followed by the sanctification of central authority and further crisis with its deep roots in anglo american culture the current crisis awaits decisive resolution
