Mother Earth is warning that now is the time for life to change. In this narrative written from her perspective, her twelve children have begun acting selfishly and inhumanely. She saw an increase in war, hunger, injustice, and inequality. Her children were also harming the environment by polluting their planet and letting it become sick. In response, she sent out birds as messengers to observe and help her children as they learn the truth of their divinity and their oneness with life. So begins the spiritual call to become one, which seeks to usher in the spiritual truth of the divine light within life. The time of change, an epoch of history predicted by author Tod William in *Ancient Atlantis*, reveals that after a war in Pakistan, humanity will choose peace and become one with alien technology. Humanity will travel the stars; the divine light within life will guide humanity forward to greatness, and the highest source of light will be given to life. The spiritual call to become one reveals spiritual truth as it has been channeled through Tod William, the reincarnation of an oracle from *Ancient Atlantis*.

Nearly everyone aboard is killed amidst the bloody carnage. Teru discovers two survivors, but salvation is far from their grasp as they try to dig out from the wreck in order to come up with a plan to stay alive.
