in recent years the rise of fundamentalism and a related turn to religion in the humanities have led to a powerful resurgence of interest in the problem of political theology in a critique of this contemporary fascination with the theological underpinnings of

modern politics victoria kahn proposes a return to secularism whose origins she locates in the art literature and political theory of the early modern period and argues in defense of literature and art as a force for secular liberal culture kahn draws on theorists such as carl schmitt leo strauss walter benjamin and hannah arendt and their readings of shakespeare hobbes machiavelli and spinoza to illustrate that the dialogue between these modern and early modern figures can help us rethink the contemporary problem of political theology twentieth century critics she shows saw the early modern period as a break from the older form of political theology that entailed the theological legitimization of the state rather the period signaled a new emphasis on a secular notion of human agency and a new preoccupation with the ways art and fiction intersected the terrain of religion

the ways we know think and believe about a whole variety of key areas different forms of discourse psychotherapy as well as religion have much more in common than is usually perceived through a series of fascinating parallels running across different disciplines jacobs demonstrates the possible analysis of modes of thinking and belief from intuitive pre thinking through authoritative driven thinking and belief and personal and polymathic knowledge to unknowing the last concept being one that is shared by bion winnicott and major mystical tradition using this theoretical model the book provides a map to how clients and indeed therapists might think and believe suggesting ways in which they may be supported as they shift through different modes with all the anxiety that disillusionment brings

novalis traces the meteoric career of one of the most striking and most strikingly misunderstood figures of german romanticism although friedrich von hardenberg better known by his pseudonym novalis published scarcely eighty pages of writings in his lifetime his considerable fame and influence continued to spread long after his death in 1801 his posthumous reputation however was largely based on the myth manufactured by opportunistic editors as wm arctander o brien reveals in this book the first to extract hardenberg from the distortions of history a member of the generation of the 1770s that included hegel h[?] lderlin and schelling hardenberg was an avid follower of the french revolution a semiotician avant la lettre and a prescient critic of religion yet in 1802 only a year after his death the writer who had scandalized the prussian court was marketed to a nation at war as a reactionary patriot a sweet versifier of idealism and a morbid mystic identifying the break between hardenberg s own early romanticism and the late romanticism that falsified it novalis shows us a writer fully engaged in revolutionary politics and examines his semiotic readings of philosophy and of the political scientific and religious institutions of the day drawing on the full range of novalis s writings including his poetry notebooks novels and journals o brien situates his semiotics between those of the eighteenth century and those of the twentieth and demonstrates the manner in which a concern for signs and language permeated all aspects of his thought the most extensive study of hardenberg available in english novalis makes this revolutionary theoretician visible for the first time mining a crucial chapter in the history of semiotics and social theory it suggests fruitful sometimes problematic connections between semiotic historical deconstructive and philological practices as it presents a portrait of one of the most complex figures in literary history indispensable for scholars of german romanticism novalis will also be of interest to students of comparative literature and european intellectual history
