a land apart is an excellent collection of short stories and poetry by different south african writers it is divided into three different sections each devoted to the main groups of south africa this book gives a clear glimpse of life in south africa during apartheid through the eyes of three different groups it is a clear depiction of the times and struggles of all south africans during their struggle this book is excellent for anyone wanting an inside view of south africa during apartheid amazon com viewed june 17 2020

apartheid and fragmented protest in contemporary southern africa examines protest movements through the lens of apartheid studies the first general theory of apartheid which explores how oppression harm injustice poverty loss and inequality persist the book argues that apartheid which breaks the world of the oppressed into fragments fomenting diverse experiences of oppression among its victims frames the nature and course of protests by making them subject to its fragmentation protest is thus redefined

as good neighbourly and demoted on account of its symbiotic relationship to apartheid it is observed that the proliferation of protests does not preclude the persistence of apartheid rather protest and apartheid are seen to be compatible by examining protest hashtags on x from south africa and zimbabwe the book explores and identifies the forms relations meanings trajectories and effects protests take evoke and embody as fragments subsisting in a fractured apartheid universe it demonstrates how and why life goes on amidst protest sheds light on the contradictions paradoxes and complexities that characterise protest movements and invites conversations around protest as a paradigm in the context of apartheid the book will be of interest to researchers across the fields of social movements protests sociology african studies and communication and media studies
