at the end of the cold war security concerns are more about regional and civil conflicts than nuclear or eurasian global wars stephen cimbala argues that deterrence characteristics of the pre cold war period will in the 21st century again become normative

this edited volume represents the latest research on intersections of war state formation and political economy i e how conflicts have affected short and long run development of economies and the formation or destruction of states and their political economies the contributors come from different fields of social and human sciences all featuring an interdisciplinary approach to the study of societal development the types of big issues analyzed in this volume include the formation of european and non european states in the early modern and modern period the emergence of various forms of states and eventually modern democracies with extensive welfare states the violent upheavals that influenced these processes the persistence of dictatorships and non democratic forms of government and the arrival of total war and its consequences especially in the context of twentieth century world wars one of the key themes is the dichotomy between democracies and dictatorships namely what were the origins of their emergence and evolution why did some revolutions succeed and other fail and why did democracies on the whole emerge victorious in the twentieth century age of total wars the contributions in this book are written with academic and non academic audiences in mind and both will find the broad themes discussed in this volume intuitive and useful

helmuth von moltke s alleged statement the u s civil war was an affair in which two armed mobs chased each other around the country and from which no lessons could be learned underlines a grave misjudgment of this war in contemporary germany today however the american civil war is recognized as the first modern war it produced a number of lessons across the strategic operational and tactical levels that shaped the face of war but the german observers failed to draw significant conclusions at the time a wide variety of reasons inhibited a thorough and unbiased analysis this study aims to analyze the german observations and to arrive at the causes that led to the underestimation and disregard of the lessons from the civil war the thesis provides a sketch of the civil war and the situation of contemporary germany it then examines the german observers and their evaluations thereafter the author reflects selected essential lessons of the war against the contemporary german military evolution in a final step the conclusions of these sections will merge into an analysis of the causes which prevented the german army from

arriving at the lessons of the u s civil war

within eight turbulent months in 1974 gerald ford went from the united states house of representatives where he was the minority leader to the white house as the country s first and only unelected president his unprecedented rise to power after richard nixon s equally unprecedented fall has garnered the lion s share of scholarly attention devoted to america s thirty eighth president but gerald ford s 1913 2006 life and career in and out of washington spanned nearly the entire twentieth century ambition pragmatism and party captures for the first time the full scope of ford s long and remarkable political life the man who emerges from these pages is keenly ambitious determined to climb the political ladder in washington and loyal to his party but not a political ideologue drawing on interviews with family and congressional and administrative officials presidential historian scott kaufman traces ford s path from a depression era childhood through service in world war ii to entry into congress shortly after the cold war began he delves deeply into the workings of congress and legislative executive relations offering insight into ford s role as the house minority leader in a time of conservative insurgency in the republican party kaufman s account of the ford presidency provides a new perspective on how human rights figured in the making of u s foreign policy in the cold war era and how environmental issues figured in the making of domestic policy it also presents a close look at the 1976 presidential election emphasizing the significance of image in that contest and extensive coverage of ford s post presidency in sum ambition pragmatism and party is the most comprehensive political biography of gerald ford and will become the definitive resource on the thirty eighth president of the united states

the sixth edition of this bestselling book takes students on a journey through the 20th century and provides a clear overview of the key events which have shaped modern world history unrivalled in its broad coverage it surveys international relations and war from 1900 to the present day examines the rise and fall of fascism and communism around the globe explores the international affairs of the major superpowers the usa russia ussr and china assesses the experience of decolonization in india africa and latin america unpicks global issues including economic crises and population increase chapters feature maps diagrams and end of chapter questions to support and reinforce understanding this new edition has been updated to take account of new scholarship and provide a more global approach to key chapters in modern world history key changes include new material on the second world war

beginning with the outbreak of war between china and japan and touches upon italy s campaigns in east and north africa and civil wars taking place in china spain and the ukraine coverage of new historical interpretations of the events that led to the first world war new chapters on the history of the united states of america a new chapter on tsar nicholas ii and the russian revolutions of 1917 mastering modern world history is the go to textbook for secondary school students and undergraduates studying modern world history and international relations and an ideal companion for anyone with an interest in how the world got into its present state

the essays in anticipating total war explore the discourse on war in germany and the united states between 1871 and 1914 the concept of total war provides the analytical focus the essays reveal vigorous discussions of warfare in several forums among soldiers statesmen women s groups and educators on both sides of the atlantic predictions of long cataclysmic wars were not uncommon in these discussions while the involvement of german and american soldiers in colonial warfare suggested that future combat would not spare civilians despite these anticipations of total war virtually no one realized the practical implications in planning for war in the early twentieth century
