since its original publication in chinese in the 1930s this work has been accepted by chinese scholars as the most important contribution to the study of their country s philosophy in 1952 the book was published by princeton university press in an english translation by the distinguished scholar of chinese history derk bodde the dedicated translator of fung yu lan s huge history of chinese philosophy new york times book review available for the first time in paperback it remains the most complete work on the subject in any language volume i covers the period of the philosophers from the beginnings to around 100 b c a philosophical period as remarkable as that of ancient greece volume ii discusses a period lesser known in the west the period of classical learning from the second century b c to the twentieth century

nivison brings out the exciting variety within confucian thought as he interprets and elucidates key thinkers from over two thousand years from confucius himself through mencius and xunzi to such later confucians as wang yangming dai zhen and zhang xuecheng cover

graham addresses several fundamental problems in classical chinese philosophy and in the nature and structure of the classical chinese language these inquiries and reflections are both broad based and detailed two sources of continuity bring these seemingly disparate parts into a coherent and intelligible whole first graham addresses that set of fundamental philosophical questions that have been the focus of dispute in the tradition and that have defined its character what is the nature of human nature what can we through linguistic and philosophical scrutiny discover about the date and composition of some of the major texts what sense can we make of the kung sun lung sophistries a second source of coherence is graham s identification and articulation of those basic and often unconscious presuppositions that ground our own tradition by so doing he enables readers to break free from the limits of their own conceptual universe and to explore in the chinese experience a profoundly different world view

he or harmony has traditionally been a central concept in chinese thought and to this day continues to shape the way in which people in china and east asia think about ethics and politics yet there is no systematic and comprehensive introduction of harmony as has been variously articulated in different chinese schools this edited volume aims to fill this gap the individual contributions elaborate the conceptions of harmony as these were exemplified in central chinese schools of thought including daoism confucianism legalism mohism buddhism and trace their impact on contemporary chinese philosophy the volume explores the various meanings and implications of harmony so as to consider its relevance as a value and virtue in the modern world it provides an accessible but substantial introductory work for readers interested in learning about pertinent core concepts and theories in chinese thought as well as engages specialists in chinese philosophy by explicating its implications for ethical political epistemological and metaphysical reflection as the basic point of reference

an introduction to chinese philosophy unlocks the mystery of ancient chinese philosophy and unravels the complexity of chinese buddhism by placing them in the contemporary context of discourse elucidates the central issues and debates in chinese philosophy its different schools of thought and its major philosophers covers eight major philosophers in the ancient period among them confucius laozi and zhuangzi illuminates the links between different schools of philosophy opens the door to further study of the relationship between chinese and western philosophy

munro was more than an intellectual mentor he has been an unfailing source of wisdom inspiration and support over five decades donald j munro has been one of the most important voices in sinological philosophy his rapprochement with contemporary cognitive and evolutionary science helped bolster the insights of chinese philosophers and set the standard for similar explorations today in this festschrift volume students of munro and scholars influenced by him celebrate munro's body of work in essays that extend his legacy exploring their topics as varied as the ethics of zhuangzi's autotelicity the teleology of nature in zhu xi and family love in confucianism and christianity

this book traces the genealogy of early chinese conceptions of emotions as part of a broader inquiry into evolving conceptions of self cosmos and the political order it seeks to explain what was at stake in early philosophical debates over emotions and why the mainstream conception of emotions became authoritative

for anyone looking to understand chinese philosophy here is the place to start introducing this vast and far reaching tradition ronnie l littlejohn tells you everything you need to know about the chinese thinkers who have made the biggest contributions to the conversation of philosophy from the han dynasty to the present he covers the six classical schools of chinese philosophy yin yang ru mo ming fa and dao de the arrival of buddhism in china and its distinctive development the central figures and movements from the end of the tang dynasty to the introduction into china of western thought the impact of chinese philosophers ranging from confucius and laozi to tu weiming and some of the western counterparts who addressed similar issues weaving together key subjects thinkers and texts we see how chinese traditions have profoundly shaped the institutions social practices and psychological character of not only east and southeast asia but the world we are living in praised for its completely original and illuminating thematic approach this new edition includes updated reading lists a comparative chronology of western and chinese philosophers and additional translated extracts

dealing with the subject of chinese philosophy this two volume set covers the period of the philosophers from the beginnings to around 100 bc a philosophical period as remarkable as that of ancient greece it also discusses a period lesser known in the west the period of classical learning from the second century bc to the twentieth century

first published in 1947 the spirit of chinese philosophy covers the major philosophers and philosophical movements in china from confucius to the middle of the twentieth century including confucius mencius yang chu and mo ti the dialecticians and logicians lao tzu and chuang tzu the han scholars the mystical school the ch'an school of buddhism the neo-confucianist philosophy

the history of chinese philosophy is a comprehensive and authoritative examination of the movements and thinkers that have shaped chinese philosophy over the last three thousand years an outstanding team of international contributors provide seventeen accessible entries organised into five clear parts identity of chinese philosophy classical chinese philosophy i pre-han period classical chinese philosophy ii from han through tang classical chinese philosophy iii from song through early qing modern chinese philosophy from late qing through 21st century this outstanding collection is essential reading for students of

chinese philosophy and will be of interest to those seeking to explore the lasting significance this rich and complex philosophical tradition

this anthology explores how chinese and western philosophies could jointly and constructively contribute to a common philosophical enterprise philosophers with in depth knowledge of both traditions present a variety of distinct comparative approaches offering a refined introduction to the further reaches of chinese philosophy in the comparative context especially regarding its three major constituents confucianism philosophical daoism and the yi jing philosophy this book examines various issues concerning philosophical methodology ethics metaphysics epistemology philosophy of language and logic and investigates both the living spring source of chinese philosophy and its contemporary implications and development through contemporary resources the balanced coverage accessible content and breadth of approaches presented in this anthology make it a valuable resource for students of chinese philosophy comparative philosophy and other related courses

this book shows that classic chinese philosophy is as rational as western approaches dealing with the problems of logic epistemology language analysis and linguistic topics from a philosophical point of view it presents detailed analyses of rational and methodological features in confucianism taoist philosophy and the school of names as well as mohist approaches in classical chinese philosophy especially in regard to ideas of valid knowledge the authors also provide new arguments against cultural relativism and antirational movements like religious fundamentalism that do not pay due attention to what all human beings have in common to cultural universals

probsthain s oriental series volume 7 a brief history of early chinese philosophy

this new edition offers expanded selections from the works of kongzi confucius mengzi mencius zhuangzi chuang tzu and xunzi hsun tzu two new works the dialogues robber zhi and white horse a concise general introduction brief introductions to and selective bibliographies for each work and four appendices that shed light on important figures periods texts and terms in chinese thought

featuring contributions from the world s most highly esteemed asian philosophy scholars this important new encyclopedia covers the complex and increasingly influential field of chinese thought from earliest recorded times to the present day including coverage on the subject previously unavailable to english speakers the encyclopedia sheds light on the extensive range of concepts movements philosophical works and thinkers that populate the field it includes a thorough survey of the history of chinese philosophy entries on all major thinkers from confucius to mou zongsan essential topics such as aesthetics moral philosophy philosophy of government and philosophy of literature surveys of confucianism in all historical periods zhou han tang and onward and in key regions outside china schools of thought such as mohism legalism and chinese buddhism trends in contemporary chinese philosophy and more
