toynbee s analysis of the rise and fall of civilizations has been acknowledged as an achievement without parallel in modern scholarship this abridgement while reducing the work to one sixth of its original size preserves its method atmosphere texture and for the most part the author s very words

this classic introduction to the study of history invites the reader to stand back and

consider some of its most fundamental questions what is the point of studying history how do we know about the past does an objective historical truth exist and can we ever access it in answering these central questions john Tosh argues that despite the impression of fragmentation created by postmodernism in recent years history is a coherent discipline which still bears the imprint of its nineteenth century origins consistently clear sighted he provides a lively and compelling guide to a complex and sometimes controversial subject while making his readers vividly aware of just how far our historical knowledge is conditioned by the character of the sources and the methods of the historians who work on them the sixth edition has been revised and updated with key new material including a brand new chapter on public history sections on digitised sources and historical controversy discussion of topics including transnational history and the nature of the archive an expanded range of examples and case studies a comprehensive companion website providing valuable supporting material study questions and a bank of primary sources lucid and engaging this edition retains all the user friendly features that have helped to make this book a favourite with both students and lecturers including marginal glosses illustrations and suggestions for further reading along with its companion website this is an essential guide to the theory and practice of history

doing history bridges the gap between the way history is studied in school or as represented in the media and the way it is studied at university level history as an academic discipline has dramatically changed in recent decades and has been enhanced by ideas from other disciplines the influence of postmodernism and historians incorporation of their own reflections into their work doing history presents the ideas and debates that shape how we do history today covering arguments about the nature of historical knowledge and the function of historical writing whether we can ever really know what happened in the past what sources historians depend on and the relative value of popular and academic histories this revised edition includes new chapters on public history and activist histories it looks at global representations of the past across the centuries and provides up to date suggestions for further reading presenting the reader with a thorough and current introduction to studying history at an academic level as well as a pathway to progress this study further clearly structured and accessibly written it is an essential volume for all students embarking on the study of history

considering studying history at university wondering whether a history degree will get

you a good job and what you might earn want to know what it s actually like to study history at degree level this book tells you what you need to know studying any subject at degree level is an investment in the future that involves significant cost now more than ever students and their parents need to weigh up the potential benefits of university courses that s where the why study series comes in this series of books aimed at students parents and teachers explains in practical terms the range and scope of an academic subject at university level and where it can lead in terms of careers or further study each book sets out to enthuse the reader about its subject and answer the crucial questions that a college prospectus does not

what is the purpose of studying history how do we reflect on contemporary life from a historical perspective and can such reflection help us better understand ourselves the world around us and the god we worship and serve written by an accomplished historian award winning author public evangelical spokesman and respected teacher this introductory textbook shows why christians should study history how faith is brought to bear on our understanding of the past and how studying the past can help us more effectively love god and others john fea shows that deep historical thinking can relieve us of our narcissism cultivate humility hospitality and love and transform our lives more fully into the image of jesus christ the first edition of this book has been used widely in christian colleges across the country the second edition contains updates throughout

theessential introduction to the practice of history revised with new features to ensure it is even more popular with students tosh is consistently the best selling longman history textbook the last 3 editions have achieved total sales of over 83 000 copies the use of photos of significant people and events help make the text more lively new layout and design enables readers to understand themes more quickly

this best selling guide will help you get to grips with the larger themes and issues behind historical study while also showing you how to formulate your own ideas in a clear analytical style fully updated throughout further advice on using web based sources and avoiding plagiarism will equip you with the tools you need to succeed on your course

unlike some other reproductions of classic texts 1 we have not used ocr optical character recognition as this leads to bad quality books with introduced typos 2 in books where there are images such as portraits maps sketches etc we have

endeavoured to keep the quality of these images so they represent accurately the original artefact although occasionally there may be certain imperfections with these old texts we feel they deserve to be made available for future generations to enjoy

this classic introduction to the study of history invites the reader to stand back and consider some of its most fundamental questions what is the point of studying history how do we know about the past does an objective historical truth exist and can we ever access it in answering these central questions john tosh argues that despite the impression of fragmentation created by postmodernism in recent years history is a coherent discipline which still bears the imprint of its nineteenth century origins consistently clear sighted he provides a lively and compelling guide to a complex and sometimes controversial subject while making his readers vividly aware of just how far our historical knowledge is conditioned by the character of the sources and the methods of the historians who work on them the fifth edition has been revised and updated throughout with the addition of new sections on global history comparative history postcolonialism women s and gender history oral history and memory lucid and engaging this new edition retains all the user friendly features that have helped to make this book a favourite with both students and lecturers including marginal glosses illustrations suggested further reading and boxed guides to key events and people

history is a subject which never stands still it is always changing its philosophies its contours its leading questions its politics its conceptual status and its methodologies this bibliographical guide to the study of history is wide ranging in scope extending from the ancient world to the 20th century it deliberately concentrates on modern historians views provides a substantial section on the philosophy of history charts controversies and highlights the continual evolution and diversification of history the material is logically organized in major areas and subsections and cross references are given where appropriate an index of authors editors and compilers is also provided

the third edition of the social studies curriculum thoroughly updates the definitive overview of the primary issues teachers face when creating learning experiences for students in social studies by connecting the diverse elements of the social studies curriculum history education civic global and social issues the book offers a unique and critical perspective that separates it from other texts in the field this edition includes new work on race gender sexuality critical multiculturalism visual culture moral deliberation digital technologies teaching democracy and the future of social studies education in an era marked by efforts to standardize curriculum and teaching

this book challenges the status quo by arguing that social studies curriculum and teaching should be about uncovering elements that are taken for granted in our everyday experiences and making them the target of inquiry

originally translated and published in 1906 this volume is a full translation of langlois and seignobos introduction to the study of history and contains chapters on the search for documents textual criticism critical investigation of authorship and interpretative criticism

a timeless guide that transforms the way you read the past rediscovered and reborn for today s readers introduction to the study of history by charles victor langlois with c seignobos is the classic primer on how historians work from weighing sources and testing testimony to reconstructing events with rigorous transparent methods this edition unpacks historiography fundamentals and historical research methods in clear accessible prose making it indispensable as a history study guide and an academic history introduction students will find concrete history analysis techniques and historical methodology casual readers will gain a deeper appreciation for how historical truth is built langlois s lucid principles on source criticism the distinction between primary and secondary evidence and the limits of conjecture laid the foundation for modern history research introduction and remain essential history academic resource material more than a textbook the book is a literary landmark it shaped generations of historians and established standards for objective history writing alpha editions is proud to bring this work back after decades out of print carefully restored for today s and future generations this release is not merely a reprint but a collector s item and cultural treasure whether you re a student seeking a trusted history book for students a scholar refining research skills or a collector of classic methodology this edition delivers enduring insight into understanding historical research and the craft of history

this new title is a totally rewritten version of the nature of history first published in 1970 with revised editions in 1981 and again in 1989 addressing the key questions of what history is and why and how one studies it this is a positive affirmation of the vital importance to society of the study of the past and of the many crucial learning outcomes which accrue from historical study there is a great deal of new material engaging with and rebutting postmodernist criticisms of the history of the historians and explicating more fully the author s pioneering work on how exactly historians analyze and interpret primary sources and how they write their articles and books this

is a book for all readers interested in history and for students and writers of history at all levels

the author explains what the study of history entails how it has been approached over the centuries and why it should be undertaken by today s students page 4 of cover
