the entire lifespan in 500 pages what s the greatest challenge in teaching the life span development course covering a lifetime of material in a single term instructors from across the country have clamored for a streamlined text that captures the core concepts of life span development essentials of life span development was carefully designed and constructed to deliver these core concepts along with a strong applications focus reflecting the broad range of interests and backgrounds of

students taking this course and as always with john santrock s texts the latest research in the field is incorporated throughout

essentials of life span development 7e allows students to study whenever wherever and however they choose regardless of individual study habits preparation and approaches to the course essentials connects with students on a personal individual basis and provides a road map for success in the course

connect with lifespan development and connect with success informed and driven by research at mcgraw hill we have spent thousands of hours with you and your students working to understand the key needs and concerns you face in human development courses the most common topics raised include managing the vast amount of content inherent to a lifespan course and ensuring the dependability of the assigned material is it current and accurate the result of this research is john santrock s life span development life span development ensures students complete and understand the assigned material in a number of ways santrock s hallmark learning goals pedagogy provides a comprehensive roadmap to the text material clearly pointing out the core concepts fundamental to students learning and performance our adaptive study tool learnsmart increases students efficiency in studying by identifying what they know and more importantly what they don t know providing immediate remediation for the areas in which they are struggling at the same time instructors have access to powerful visual reports allowing them to quickly see where students strengths and weaknesses lie connect is the only integrated learning system that empowers students by continuously adapting to deliver precisely what they need when they need it and how they need it so that your class time is more engaging and effective the 14th edition continues with the connections theme to help students better understand the concepts among the different aspects of life span development this recurring theme of connections developmental connections topical connections connecting development to life connecting with careers and connections through research ties together concepts from across chapters to reinforce the learning process and connects the material to students everyday lives and future aspirations our milestones of development video series helps bring the course material to life allowing students to witness development as it unfolds and of course all of the text material is informed by life span development s unique board of expert consultants a who s who of developmental psychology who make sure the material is as accurate and up to date as possible

new edition after 1981 and 1984 of a college textbook

although courses differ widely across undergraduate institutions dedicated psychology educators at all academic levels share

an interest in uncovering optimal teaching practices to aid the process of pedagogical discovery this book addresses three contemporary concerns of psychology teachers and links these ideas to the first five learning goals and outcomes discussed in the american psychological association s apa s 2007 guidelines for the undergraduate psychology major a knowledge base of psychology b research methods in psychology c critical thinking skills in psychology d application of psychology and e values in psychology within the broad framework of a constructivist educational perspective that promotes active and enduring learning this book affords undergraduate psychology teachers opportunities to a align course content with apa endorsed student learning outcomes b integrate class tested instructional strategies with authentic or real world learning and assessment tools designed to foster higher order thinking and c assess students understandings of course content along a developmental continuum that gauges academic progress from the introductory psychology course through receipt of the baccalaureate degree this book is not meant to be prescriptive rather it is intended as an advisory instructional resource to provide a general framework from which to approach undergraduate psychology curricula one that permits maximum flexibility in relation to faculty student and institutional differences foreword psycinfo database record c 2010 apa all rights reserved

a comprehensive book that discusses the evolution practice and outcomes of 11 prominent theoretical approaches to group work and examines the essentials required to be an effective worker and leader with groups in various settings and life stages it begins with an introduction to the history dynamics diversity leadership ethics and development that are part of the lives of groups it then presents an extensive discussion of the issues and procedures for working with groups throughout the lifecycle for group counselors and therapist or anyone working with or within a group

this comprehensive text integrates multiple dimensions of the human experience in a reader friendly style and provides the interface between developmental theory and practice human behavior and the social environment 1 e introduces and incorporates current research on the biological psychological socio cultural and spiritual dimensions of human behavior throughout the life cycle the authors provide an appropriate focus on contemporary perspectives that are central to the practice of social work such as trauma neurobiological underpinnings of behavior chronic illness and disability they pay particular attention to models of racial ethnic class gender and gay lesbian bisexual and transgender identity development to the influences of gender sexual orientation social class race and culture on family structure and function and to issues pertinent to a variety of post modern family forms the text explores macro influences of groups communities and organizations in individual chapters it also contains a chapter on social welfare policy that examines the impact of specific

policies at each stage of the life cycle and paves the way for new directions in research and future directions in policy and practice any market interested in a comprehensive text that integrates the multiple dimensions of the human experience in a reader friendly style and provides the interface between developmental theory and practice

children and childhood are among the most neglected subjects of christian theology what does it mean to be a child of god if the examples of childhood in scripture and the christian tradition are taken seriously and placed in dialogue with twenty first century science sociology and morality this collection of essays draws together a wealth of different perspectives on a much neglected but vital subject of theology and christian living

this book provides a realistic approach to applying human learning in the classroom it s designed for the teacher who is aware of many different theories of learning and who might like to learn methods of transposing these theories to the classroom no knowledge of any kind of psychological pedagogy is required professor taylor s experience culled through over 30 years in the field combined with his flair for easily explaining complex matters makes an invaluable reading experience for today s teacher

the author focuses on integrating discipline specific research and theory about aging particularly aging in later adulthood in language that is understandable to practitioners of diverse educational backgrounds book jacket

based on the extensively revised santrock s psychology 6e psychology brief edition is a highly readable practical and research oriented introduction to the discipline the brief edition was developed to satisfy the demand for a shorter text that could easily be covered in one semester chapters were rewritten to maintain the continuity and pedagogy that has made santrock a student and market favorite memory language and intelligence have been combined to form one cohesive chapter and the health psychology and statistics coverage has been moved into an appendix santrock provides faculty and students with the most relevant introduction to psychology available no other introductory text provides a better balance of research vs pedagogy content vs applications depth vs breadth and theoretical vs practical information all of this is presented in the clearly understandable and straightforward prose that santrock is renowned for and in a highly visual design that is pedagogically sound and engaging without being distracting

this uniquely practical book allows pre service and practicing teachers with even the most limited background knowledge about multicultural and global education to apply that knowledge in their classrooms schools and communities the introductory chapter gives a general background review of multicultural and global education concepts and discusses the

importance of teachers becoming involved in transforming their educational practice the next six chapters investigate the classroom elements of teacher students environment curriculum instructions and assessment for way to apply multicultural and global concepts the final two chapters take readers beyond the classroom into the school and community for pre service and practicing teachers in grades k 12
