people in poverty suffer daily under misconceptions about economic hardship and its causes providing the most comprehensive consideration to date of poverty in the united states elizabeth seale tackles how we think about issues of culture behavior and poverty cutting straight to the heart of debates about social class the book addresses tough questions including how being poor affects individual behavior and how we can make sense of that in a larger social and political context the central premise is that to understand the behavior and lives of people in poverty one must consider their relational context especially relations of vulnerability and the human need for dignity poverty is a social problem we should address as a society by changing social relations that as a matter of course cause unnecessary and immense suffering to do so we must directly confront our lack of regard for people in poverty by recognizing that they are in fact worthy of an effort to induce major social change this critical introduction to poverty will be an important read for undergraduate students and above in sociology wanting to learn more about the growing social problems of poverty inequality and stratification

in spite of an unprecedented period of growth and prosperity the poverty rate in the united states remains high relative to the levels of the early 1970s and relative to those in many industrialized countries today understanding poverty brings the problem of poverty in america to the fore focusing on its nature and extent at the dawn of the twenty first century

this detailed book is a resource for students practitioners and leaders interested in how the major world religions have

understood poverty and responded to the poor poverty is a universal phenomenon across history regardless of country or culture today the demographics of the poor are on the rise globally it is a critical issue religious traditions are another universal aspect of human societies and nearly all religions include directives on how to respond to the poor and systemic poverty how do the various religious traditions conceptualize poverty and what do they view as the proper response to the poor poverty and the poor in the world s religious traditions religious responses to the problem of poverty brings together specialists on the religions of the world and their diverse viewpoints to identify how different religious traditions interact with poverty and being poor it also contains excerpts of religious texts that readers can use as primary documents to illustrate themes such as identifying the poor religious reasons for being poor and responses like charity and development to the existence of poverty this book serves as a powerful resource for students of subjects like international development missiology comparative religion theology social ethics economics and organizational leadership as well as for any socially concerned clergy of various faiths

the ethics of global poverty offers a thorough introduction to the ethical issues surrounding global poverty it addresses important questions such as what is poverty and how is it measured what are the causes of poverty do wealthy individuals have a moral duty to reduce global poverty should aid go to those who are most in need or to those who are easiest to help is it morally wrong to buy from sweatshops is it morally good to provide micro finance featuring case studies throughout this textbook is essential reading for students studying global ethics or global poverty who want an understanding of the moral issues that arise from vast inequalities of wealth and power in a highly interconnected world

alice o connor here chronicles the transformation in the study of poverty from a reform minded inquiry into the political economy of industrial capitalism to the detached highly technical 1990s analysis of the demographic and behavioural characteristics of the poor poverty knowledge is a comprehensive historical account of the thinking behind these very

different views of the poverty problem it is a century spanning inquiry into the politics institutions ideologies and social science that shaped poverty research and policy

this timely new textbook lays bare the ways in which disease and disaster can turn politicians into global leaders or national liabilities it explains the impact of crises on development and human security and explores how states and societies can respond more effectively written primarily for the student of politics but also drawing from public health public policy and environmental studies the book investigates the threats posed by disease and disasters and demonstrates how states can shape the ways in which these crises unfold case studies include diseases such as covid 19 and ebola natural disasters such as typhoon haiyan and the 2010 haiti earthquake manmade disasters such as the yemen and congo civil wars or famine the book delves deep into how state response to these challenges can impact political and economic stability and ends by exploring the role played by international institutions and international cooperation in addressing common challenges this introductory textbook is perfect for undergraduate and masters courses exploring the expanding politics and human security issues surrounding disease and disasters it will also be of interest to think tanks and policy communities looking for fresh insights to bring into professional practice

power poverty and prayer the challenges of poverty and pluralism in african christianity 1960 1996 inquires into the role christianity plays in african political and socio economic life colonialism is over but the drums of liberation are still throbbing christianity paved the way for colonialism but also produced the champions of independence what role if any is christianity playing towards the second liberation of the continent the author writes on a topic that is at the heart of the second liberation of africa analyzing the dialectics of power poverty and prayer in post independence africa in general

this book is the first attempt to examine what works for the poorest and analyses innovative ultra poor programmes

from around the world and explores the lessons that emerge from this important body of knowledge it should be read by staff of donor agencies and ngos students of development studies who are concerned about chronic poverty

following the 1998 financial crisis in russia there was a significant drop in consumption levels across all income groups with around forty per cent of the population unable to meet basic needs this publication examines the main factors and dynamics involved in the rising poverty levels in russia between 1997 and 2003 both in national and regional contexts using household survey data and the findings from a social services survey it considers growth poverty linkages through the labour market the expected impact of wto accession on overall growth and poverty and the need for effective social policy reforms

macionis s social problems is the only social problems text that explains how society frames social problems and solutions through politics the text analyzes social issues and policies using the concepts of sociological theory and the everyday language of politics this text helps students understand the attitudes and values that define the political spectrum in the united states once students know how social problems are defined by our society through politics and how the policies to solve these problems are developed students are able to become involved in solving social problems through activism and political involvement

this volume brings together essays by thirty four leading economists about the most important things they have learnt from their research that relate to poverty the essays range from the impact of colonialism and globalization to the future of micro credit and the quest for new vaccines

one stop shopping for all the latest information literature and resources needed by trainers the yearbook features the best full length articles from leading publications plus abstracts of hundreds of other articles the trainers almanac is a

unique yellow pages guide to professional organizations conferences sources software reference books journals and newsletters

for courses in economics of poverty and discrimination welfare politics and policy social problems and sociology of poverty in the departments of economics sociology urban studies education and social work as the leading college text in the field for over twenty years this book has been distinguished by its relevant coverage tight organization multidisciplinary perspective and timeliness the ninth edition preserves these qualities while incorporating new reference material

this brief paperback is perfect for anyone who wants a quick introduction to microeconomic principles as well as a concise overview of american economic history and current social and economic issues the authors explain both the economic way of thinking the common threads such as the power of choice that tie our many disparate views together and why the economist s way of looking at things is so important today
