a collection of essays that discuss for the military student and others the nature of history the importance of military history and the applied study of military history the volume includes bibliographical essays on military history descriptive accounts of the historical organization of the u s army and other parts of the defense establishment and discussions of the study of military history in foreign armies and in the academic world over the years the study of military history has had its ups and downs within the army in the education of the world war ii generation of military leaders it played an important part for the study of past operations held a preeminent place in the army schools curricula in the period between the two great world wars in the years immediately following world war ii it lost that place this happened partly because the information explosion broadened so greatly the areas in which an officer had to be knowledgeable and partly because of a belief that the pace of change in technology had rendered the study of past experience irrelevant in the army s higher schools military history became largely a matter of using examples from the past in courses dealing with current problems

the u s army in world war i offers a comprehensive exploration of the critical role played by the united states army during one of history s most pivotal conflicts expertly curated this anthology delves into the multifaceted experiences and

contributions of the army as they navigated the challenges of warfare on a global scale the collection balances in depth historical analysis with personal narratives providing a unique blend of perspectives that paint a vivid portrait of the era notable pieces impart the soldier s journey from recruitment to battlefield heroics all couched within the broader context of evolving military strategies and international relations the anthology benefits from the combined expertise of the united states army center of military history and eric b setzekorn whose scholarly insights anchor the collection within the broader discourses of military and historical studies the contributors each bringing their distinctive academic backgrounds and expertise collectively examine the u s army s transformation during world war i aligning their analyses with the broader cultural and political dynamics of the early 20th century together these voices illuminate the ways in which military action and innovation were intertwined with societal shifts and international policies this volume is a must read for those seeking a nuanced understanding of world war i s complexities as seen through american military eyes by engaging with this anthology readers are invited into a layered conversation about the interplay of military necessity human experience and strategic innovation the u s army in world war i not only educates but also enriches the dialogue concerning the lasting impact of the great war making it an indispensable resource for historians students and military enthusiasts alike

traces the strategic and ideological development of the united states army as an institution from the seventeenth century to the present age of overkill

with its impressive breadth of coverage both geographically and chronologically the international encyclopedia of military history is the most up to date and inclusive a z resource on military history from uniforms and military insignia worn by combatants to the brilliant military leaders and tacticians who commanded them the campaigns and wars to the weapons and equipment used in them this international and multi cultural two volume set is an accessible resource combining the latest scholarship in

the field with a world perspective on military history

the story of the united states army is always growing and changing historians constantly seek to reinterpret the past while accumulating new facts as america s army continues to be challenged on new foreign battlefields nor does the army as an institution ever stand still it necessarily changes its organization materiel doctrine and composition to cope with an ever changing world of current conflict and potential danger american military history provides a comprehensive but brief account of army s past the history of an active organization tends to expand rapidly as the organization grows larger and more complex the first volume covers the army s history from its birth in 1775 to the eve of world war i the second volume of this edition takes up that story and extends it into the twenty first century and the early years of the war on terrorism

discover the depth of government information and services available online the united states government internet directory serves as a guide to the changing landscape of government information online the directory is an indispensable guidebook for anyone who is looking for official u s government resources on the the u s government s online information is massive and can be difficult to locate many government sites are part of the deep with content that does not surface or surface easily even with the most popular search engines it is more important than ever to have a source that serves as an authoritative guide to the federal the united states government internet directory navigates the maze of data and locates the materials that you seek the subject based approach of this book allows you to browse for relevant sites in your field of interest rather than sift through hundreds of search results or try to guess which federal agency to consult researchers business people teachers students and citizens in the united states and around the world can navigate the labyrinthine federal with the united states government internet directory the directory contains more than 1 800 site records organized into 21 subject themed chapters includes topics

on a wide range of subjects including employment energy defense and intelligence culture and recreation and much more provides descriptions and urls for each site describes sites to help you choose the proper resource notes the useful or unique aspects of the site lists some of the major government publications hosted on the site provides a roster of congressional members with member's sites lists house and senate committees with committee urls contains useful up to date organizational charts for the major federal government agencies includes a one page quick guide to the major federal agencies and the leading online library data source and finding aid site identifies the changes in online government information that have occurred place in the past year

the use and abuse of military history is the theme of this book the author scrutinizes the army's first systematic attempt to use military history to educate its future leaders and traces the army's struggle from the end of the civil war to claim intellectual authority over the study of war

profusely illustrated with full color and black and white illustrations maps and photographs center of military history publication cmh pub 30 21 army historical series richard w stewart general editor revision of the 1989 edition which was a revision of a textbook written for the senior rotc courses contains an historical survey of the organization and accomplishments of the united states army designed to inculcate in young officers and soldiers an awareness of our nation's military past and to demonstrate to them that the study of military history is an essential ingredient in leadership development intended primarily for use in the american military history course in the reserve officers training corps program in civilian colleges and universities
