dotyczy m in kresów wschodnich rzeczypospolitej

in 1988 orest subtelny's ukraine was published to international acclaim as the definitive history of what was at the time a state within the ussr with this new edition of ukraine a history subtelny revises the story up to the spring of 2000

a comprehensive and accessible guide to the peoples and history of ukraine

a new york times bestseller this definitive history of ukraine is an exemplary account of europe's least known large country wall street journal as ukraine is embroiled in an ongoing struggle with russia to preserve its territorial integrity and political independence celebrated historian serhii plokhy explains that today's crisis is a case of history repeating itself the ukrainian conflict is only the latest in a long history of turmoil over ukraine's sovereignty situated between central europe russia and the middle east ukraine has been shaped by empires that exploited the nation as a strategic gateway between east and west from the romans and ottomans to the third reich and the soviet union in the gates of europe plokhy examines ukraine's search for its identity through the lives of major ukrainian historical figures from its heroes to its conquerors this revised edition includes new material that brings this definitive history up to the present as ukraine once again finds itself at the center of global attention plokhy brings its history to vivid life as he connects the nation's past with its present and future

the history of ukraine rus is the most comprehensive account of the ancient medieval and early modern history of the ukrainian people written by ukraine's greatest historian mykhailo hrushevsky the ten volume history remains unsurpassed in its use of sources and literature the english language edition makes the national history of europe's largest new state available to the english reader for the first time at the launch of volume 1 the late professor thomas noonan of the university of minnesota referred to the hrushevsky translation project as one of north america's most important and ambitious publishing projects in east slavic history

ukraine's complex history has long been a mystery to many for centuries this nation has been shaped by many forces from empires and wars to nationalism and political strife discover ukraine's past from ancient times to today with this engaging book delve deep into the many factors that have shaped this nation's past from its mediaeval origins to its struggles under foreign empires and discover how it has emerged as an independent force drawing on a wide range of sources this book offers a comprehensive and engaging look at ukraine's rich cultural heritage if you're looking for a comprehensive and engaging account of ukraine's history then this is the book for you here is a small preview of what's inside discover the mysteries of ancient ukraine pre 9th century meet the key figures who shaped ukraine's history journey through the thrilling cossack era 16th 18th centuries uncover the epic struggle for independence 19th 20th centuries witness the devastating impact of world war ii and the nazi occupation examine the turbulent era of soviet ukraine 1917 1991 learn about the heart wrenching holodomor the great famine in ukraine understand the impact of the mongol invasion on ukraine's history get an inside look at the events of the 2014 ukrainian revolution its impact on politics society learn all about the latest chapter in ukraine's story the war with russia 2021 and onwards and much more whether you're a history buff or just curious to learn more about this dynamic nation then this book will provide you all you need to know about the history of ukraine

a beautifully written evocation of ukraine's brutal past and its shaky efforts to construct a better future financial times borderland tells the story of ukraine a thousand years ago it was the center of the first great slav civilization kievan rus in 1240 the mongols invaded from the east and for the next seven centuries ukraine was split between warring neighbors lithuanians poles russians austrians and tatars again and again borderland turned into battlefield during the cossack risings of the seventeenth century russia's wars with sweden in the eighteenth the civil war of 1918 1920 and under nazi occupation ukraine finally won independence in 1991 with the collapse of the soviet union bigger than france and a populous as britain it has the potential to become one of the most powerful states in europe in this finely written and penetrating book anna reid combines research and her own experiences to chart ukraine's tragic past talking to peasants and politicians rabbis and racketeers dissidents and paramilitaries survivors of stalin's famine and of nazi labor camps she reveals the layers of myth and propaganda that wrap this divided land from the polish churches of lviv to the coal mines of the russian speaking donbass from the galician shtetlech to the tatar shantytowns of crimea the book explores ukraine's struggle to build itself a national identity and identity that faces up to a bloody past and embraces all the peoples within its borders

the question of where russia's history ends and ukrainian history begins has not yet received a satisfactory answer generations of historians referred to kyiv the capital of ukraine as the starting point of the muscovite dynasty the russia state and ultimately the russia nation however the history of kyiv and that of the scythians of the northern black sea region have also been claimed by ukrainian historians and are now regarded as integral parts of the history of ukraine if these are actually the beginnings of ukrainian history when does russia's history start in ukraine and russia serhii plokhy discusses many questions fundamental to the formation of modern russia and ukrainian historical identity he investigates the critical role of history in the development of modern national identities and offers historical and cultural insight into the current state of relations between the two nations plokhy shows how history has been constructed used and misused in order to justify the existence of imperial and modern national projects and how those projects have influenced the interpretation of history in russia and ukraine this book makes important assertions not only about the conflicts and negotiations inherent to opposing historiographic traditions but about ways of overcoming the limitations imposed by those traditions

the first world war which began in 1914 july 28 1914 divided ukrainian territories between the russia and austro hungarian empires during this time a political movement called the union for the liberation of ukraine was initiated by a six member administrative team that gathered on august 4 1914 with the aim of ukraine's liberation the names of these six individuals were volodymyr doroshenko marian melenevsky andrii zhuk mykola zalizniak oleksander skoropys yoltukhovsky and dmytro dontsov based in vienna the union for the liberation of ukraine made various publications to raise awareness in european public opinion and appealed for military support as well while they particularly sought to gain the attention of germany states reluctant to antagonize russia provided financial support albeit reluctantly the society's headquarters in vienna were later moved to berlin they also had offices in places like switzerland and romania and

distributed political brochures and books to convey their concerns to all countries the organization's goal was to establish an independent Ukraine however as mentioned in the previous sentence Ukraine was not officially recognized as an independent country due to its non-compliance with the policies of states indeed at no point did many states wish to engage in activities that did not align with their policies as we frequently encounter in historical cases this policy can be summarized as follows the rebellious group approaches a state and by being recognized by that state gains a legitimate ground to engage in the struggle in this way they achieve recognition and acquire allies information about the publishing activities mentioned briefly by the Union for the liberation of Ukraine is undoubtedly found in the archives of many countries however each should be evaluated separately because these publications vary from one country to another therefore making this book available to our readers in Turkey especially in Turkish has brought us special joy this work which will serve as an example of how such events unfolded is dedicated to the Ukrainian people who are once again struggling with war these days

although present day Ukraine has only been in existence for something over two decades its recorded history reaches much further back for more than a thousand years to Kyivan Rus over that time it has usually been under control of invaders like the Turks and Tatars or neighbors like Russia and Poland and indeed it was part of the Soviet Union until it gained its independence in 1991 today it is drawn between its huge neighbor to the east and the European Union and is still struggling to choose its own path although it remains uncertain of which way to turn nonetheless as one of the largest European states with considerable economic potential it is not a place that can be readily overlooked the problem is or at least was where to find information on this huge modern Ukraine and since 2005 the answer has been the historical dictionary of Ukraine in its first edition and now even more so with this second edition it now boasts a dictionary section of about 725 entries these covering the thousand years of history but particularly the recent past and focusing on significant persons places and events political parties and institutions as well as more broadly international relations the economy society and culture the chronology permits readers to follow this history and the introduction is there to make sense of it it also features the most extensive and up to date bibliography of English language writing on Ukraine

uitgebreide monografie over de geschiedenis van de Oekraïne

Volume 2 is the central volume of the first cycle of the history of Ukraine Rus a cycle in which Mykhailo Hrushevsky explores chiefly the history of the Ukrainian lands during the medieval period until the dissolution of the Rus state on western Ukrainian territories in the fourteenth century this middle volume of the cycle describes the crucial Kyiv centered period of the evolution of the medieval Rus polity during that period in particular in the eleventh and twelfth centuries the Kyivan princely and military retinue system reached the height of its development Kyiv controlled vast territories in Eastern Europe the political activities and influence of Rus princes were at their peak and old Rus culture art and literature flourished however as Hrushevsky demonstrates the underlying structure of the Kyivan state was progressively losing strength and falling into decline he points to two major trends in this process the first was the detachment of individual lands and the weakening of relations between them and the second was the decline of the main political center Kyiv the political system of Rus became greatly weakened by internecine princely conflicts and by warfare with nomadic invaders from the steppe in the end under the onslaught of the most powerful of such nomadic hordes the Tatar Mongol army Kyiv fell in the 1240s and its role as a political center of the old Rus state came to an end

Ukraine history Ukrainian books Ukraine travel guide Ukraine facts government politics a fully independent Ukraine emerged only late in the 20th century after long periods of successive domination by Poland Lithuania Russia and the Union of Soviet Socialist Republics USSR Ukraine had experienced a brief period of independence in 1918-20 but portions of western Ukraine were ruled by Poland Romania and Czechoslovakia in the period between the two world wars and Ukraine thereafter became part of the Soviet Union as the Ukrainian Soviet Socialist Republic (USSR) when the Soviet Union began to unravel in 1990-91 the legislature of the Ukrainian SSR declared sovereignty July 16 1990 and then outright independence August 24 1991 a move that was confirmed by popular approval in a plebiscite December 1 1991 with the dissolution of the USSR in December 1991 Ukraine gained full independence the country changed its official name to Ukraine and it

helped to found the commonwealth of independent states cis an association of countries that were formerly republics of the soviet union the full history in found in the book
