for a chinese immigrant in south east asia to make good is not unique but what is unique in tan kah kee s case is his enormous contribution to employment and economic development in singapore and malaya he was the only chinese in history to have single handedly founded a private university in amoy and financially maintained it for sixteen years he was the only hua ch iao of his generation to have led the chinese in south east asia to help china to resist the japanese invasion in a concerted and coordinated manner moreover he was the only hua ch iao leader to have played both singapore and china politics and affairs in close quarters rubbing shoulders with british governors chinese officials and commanders finally it is important to point out that tan kah kee was the only hua ch iao in his times to have combined his pang community and political power and influences for the advancement of community regional and national goals this is an in depth study of not just tan kah kee per se but also the making of a legend through his deeds self sacrifices fortitude and foresight this revised edition sheds new light on his political agonies in mao s china over campaigns against capitalists and

intellectuals moreover it analyses more comprehensively the varied legacies of tan kah kee including his successors the style of his non partisan political leadership his educational strategy for nation building social change and the spirit of tan kah kee currently in vogue in his home province fukien

the foreign policy of the people s republic of china has been dominated in recent decades by the problems of dealing with the other major powers in east asia although many ideological political and economic aims have shaped particular chinese policies peking s dominant concern has been national security since the late 1960s its leaders have viewed the soviet union as the primary threat to china and have pursued a distinctive maoist balance of power strategy against it china s post mao leaders continue to give priority to strategic considerations and the problems of relations with the other major powers it cannot be assumed however that they will simply continue past policies the recent changes both within china and in the broad pattern of international relations in east asia have created a new situation in this study a doak barnett analyzes in detail china s bilateral relations with the soviet union japan and the united states he also examines the changing nature of the four power relationship in east asia on this basis he discusses possible future trends in chinese policy and the prospects for achieving a more stable regional equilibrium

this collection of authoritative papers prepared by some of america s most eminent scholars in the field provides us with an up to date analysis of the complex and rapidly changing relations among china russia japan and the countries of south and southeast asia the contributors discuss in depth the major issues faced by the policymakers of each country examining also the role of the u s in order to furnish greater perspective and a more realistic picture among the issues considered are sino soviet relations interdependence versus national assertiveness economic interaction and the effects of international conflict the analyses of individual countries are supplemented by a broader view of actors and issues in regional and international contexts equally important the emphasis on contemporary aspects allows a look at current trends and the dynamics of future asian international relations

as china joins the capitalist world economy the problems of social disintegration that gave rise to the earlier revolutionary social movements are becoming pressing instead of viewing the chinese revolution as an academic study these essays suggest that the motifs of the revolution are still alive and relevant the slogan farewell to revolution that obscures the revolutionary language is premature in spite of dislocations and ruptures in the revolutionary language to rethink this discourse is to revisit a history in terms of sedimented layers of linguistic meanings and political aspirations earlier meanings of revolutionary words may persist or coexist with non revolutionary rivals recovery of the vital uses of key revolutionary words proffers critical alternatives in which contemporary capitalist myths can be contested

includes index to the genera and species described in the palaeontologia indica up to the year 1891

few phases of history were as heavy with implications for the world at large than the turbulent years through which china moved from the overthrow of the last imperial dynasty in 1911 through anarchy civil war and invasion to the final triumph of the communists in 1949 yet few periods are as little known by the wider world and so little understood professor

dreyer's impressive account of china at war is both an important contribution to this new series of studies of modern wars in their full political social and ideological contexts and also a valuable introduction to the birth confused bloody and painful as it was of the future superpower

this book first published in 1977 sets out two models of administration and participation used in communist china one worked out by the ccp during the war against japan and one imported from the soviet union in the 1950s these models have given rise to different policy positions studied here and the models provide a framework within which to examine the nature and structure of the ccp state structures the army rural and urban policy and the incorporation of national minorities

this title was first published in 1980 drawing upon released documents memoirs and party history works the process and impact of the political campaigns in china between 1950 and 1965 is documented complete with extensive interviews with chinese scholars and former officials the book reviews the findings of the first edition

when communist revolutionaries seized control of mainland china in 1949 they faced enormous challenges of state and nation building china occupied a vast territory had a huge and poorly integrated population and suffered from a woefully backward economy building a socialist chinese state required effectively managing significant opposition to the imposition of the communist regime this study examines how the chinese communist party employed language as an essential part of its strategy to achieving these goals

mao tse tung was one of the most influential leaders of the twentieth century in this 1977 book eleven scholars renowned for their penetrating and lively analysis of mao during his life here make their assessments of his career and influence after his death they consider mao's claims to be an original thinker the practical side of his career his ideas on education his economic and international preoccupations and his personality as a chinese dick wilson's introduction indicates some of the common themes showing inter alia that mao was neither as politically powerful nor intellectually consistent and creative as outsiders seem to have thought that on the contrary his strength lay in his longevity his concern for the methodology of social change and those moral qualities that distinguished him very much of its time this book will be essential reading for anyone wishing to assess china's political history

why did it take china more than a century after its defeat in the first opium war to begin systematically acquiring the fruits of modern technology to what extent did the rapid economic developments after 1949 depend on features unique to china and to chinese history as well as on the socialist reorganization of society these are the major questions examined in this collection of papers which challenges many previously accepted generalizations about the nature and extent of advances in china's economy during the twentieth century the papers discuss the positive and negative effects of foreign imperialism on chinese economic development the adequacy of china's financial resources for major economic initiatives the state of science and technology in late traditional china the changing structure of national product and distribution of income the cotton textile and small machine building industries as examples of pre 1949 economic bases the village market town structure of rural china the tradition of cooperative efforts in agriculture and the influence of the yan'an

period on the economic thinking of china s leaders

this volume examines the struggle for literacy in the linguistically diverse socially complex and politically sensitive province of guangdong addressing the mao zedong era the author examines the spread of literacy and how it was perceived at an elite level and used at the popular level

first published in 1961 and reissued in new editions several times this is the pioneering classic study of 20th century chinese fiction the book covers some 60 years from the literary revolution of 1917 through the cultural revolution of 1966 76 c t hsia prof emeritus of chinese at columbia univ examines the major writers from lu hsun to eileen chang and representative works since 1949 from both mainland china and taiwan the first serious study of modern chinese fiction in english this book is also the best study of its subject available not only the specialist but every reader who is interested in china or in literature will find it of interest hsia s astute insights and graceful writing make the book enjoyable as well as deeply edifying
