prof woody holton nba finalist for unruly americans reveals that american icon  
abigail adams was far wiser and wilier than previously known

this fascinating work presents biographical essays about women from the  
colonial period to modern times chronicling the previously untold story of the  
female financial experience in the united states petticoats and pinstripes  
portraits of women in wall street s history provides a fascinating chronological  
account of the contributions of women on wall street through profiles of  
selected individuals that set their achievements in the context of the prevailing  
times the book documents how women frequently assumed financial roles as a  
temporary palliative to the nation s ills only to be cast aside once conditions  
improved and how they were often restrained from financial endeavors by  
various factors including american legal political economic and cultural norms

author sheri j caplan describes the accomplishments of women in the financial world against the backdrop of the general advancement of women's rights and the evolution of gender based roles in society and identifies the primary factors in the development of a greater female role in finance wartime urgency personal necessity technological change and financial education

today john hancock is known for his signature but during the revolutionary era he was famed for his pragmatic statesmanship brooke barbier explores hancock's position as a revolutionary who nonetheless understood the value of compromise by shunning political extremes hancock became hugely influential in the infant united states

in the modern world why do we still resort to speculation advances in scientific and statistical reasoning are supposed to have provided greater certainty in making claims about the future yet we constantly spin out scenarios about tomorrow for ourselves or for entire societies with flimsy or no evidence insubstantial speculations from utopian thinking to high risk stock gambles often provoke fierce backlash even when they prove prophetic for the world we come to inhabit why does this hypothetical way of thinking generate such controversy in this cultural literary and intellectual history gayle rogers traces debates over speculation from antiquity to the present celebrated by boethius as the height of humanity's mental powers but denigrated as sinful by john calvin speculation eventually became central to the scientific revolution's new methods of seeing the natural world in the nineteenth century writers such as jane austen used the concept to diagnose the marriage market redefining speculation for the purpose of social critique speculation fueled the development of modern capitalism spurring booms busts and bubbles and recently artificial intelligence has automated the speculation previously done by humans with uncertain and troubling consequences unraveling these histories and many other disputes rogers argues that what has always been at stake in arguments over speculation and why it so often appears so threatening is the authority to produce and control knowledge about the future recasting centuries of contests over the power to anticipate tomorrow this book reveals the crucial role speculation has played in how we create and potentially destroy the future

co winner of the 2022 harry m ward book prize from celebrated historian john ferling the underexplored history of the second half of the revolutionary war when after years of fighting american independence often seemed beyond reach it was 1778 and the recent american victory at saratoga had netted the u s a powerful ally in france many including general george washington

presumed france's entrance into the war meant independence was just around the corner meanwhile having lost an entire army at saratoga great britain pivoted to a southern strategy the army would henceforth seek to regain its southern colonies virginia north carolina south carolina and georgia a highly profitable segment of its pre war american empire deep into 1780 britain's new approach seemed headed for success as the u.s. economy collapsed and morale on the home front waned by early 1781 washington and others feared that france would drop out of the war if the allies failed to score a decisive victory that year sir henry clinton commander of britain's army thought the rebellion is near its end washington who had been so optimistic in 1778 despaired i have almost ceased to hope winning independence is the dramatic story of how and why great britain so close to regaining several southern colonies and rendering the postwar united states a fatally weak nation ultimately failed to win the war the book explores the choices and decisions made by clinton and washington and others that ultimately led the french and american allies to clinch the pivotal victory at yorktown that at long last secured american independence

the meaning of the american revolution has always been a much contested question and asking it is particularly important today the standard easily digested narrative puts the founding fathers at the head of a unified movement failing to acknowledge the deep divisions in revolutionary era society and the many different historical interpretations that have followed whose american revolution was it speaks both to the ways diverse groups of americans who lived through the revolution might have answered that question and to the different ways historians through the decades have interpreted the revolution for our own time as the only volume to offer an accessible and sweeping discussion of the period's historiography and its historians whose american revolution was it is an essential reference for anyone studying early american history the first section by alfred f. young begins in 1925 with historian j. franklin jameson and takes the reader through the successive schools of interpretation up to the 1990s the second section by gregory h. nobles focuses primarily on the ways present day historians have expanded our understanding of the broader social history of the revolution bringing onto the stage farmers and artisans who made up the majority of white men as well as african americans native americans and women of all social classes

that new england might invade virginia is inconceivable today but interstate rivalries and the possibility of intersectional war loomed large in the thinking of the framers who convened in philadelphia in 1787 to put on paper the ideas that would bind the federal union together at the end of the constitutional convention benjamin franklin rejoiced that the document would astonish our

enemies who are waiting to hear with confidence that our states are on the point of separation only to meet hereafter for the purpose of cutting one another's throats usually dismissed as hyperbole this and similar remarks by other founders help us to understand the core concerns that shaped their conception of the union by reexamining the creation of the federal system of the united states from a perspective that yokes diplomacy with constitutionalism hendrickson's study introduces a new way to think about what is familiar to us this groundbreaking book tells the story of how thirteen colonies became independent states and found themselves grappling with the classic problems of international cooperation the founding generation hendrickson argues developed a sophisticated science of i

the articles in this collection explore subjects such as native american interests and encounters with settlers diplomatic endeavours environmental issues legal debates and practiced law women's citizenship and rights servitude and slavery and popular political activity the international and interdisciplinary perspectives illustrate the dynamic transformations of america during this era of settlement conquest development revolution and nation building

bestselling historian ferling draws on his unsurpassed knowledge of the founding fathers to provide a fresh and provocative new portrait of the greatest of them all george washington b w illustrations throughout

virginia's american revolution follows the virginia revolutionaries from their decision for independence on may 15 1776 through the following 60 years when the last of them finally passed from the scene to their surprise the decision to break with great britain entailed reconsideration of virtually all of their major political and social institutions from the established church their aristocratic state government and feudal land tenures to slavery and their federal relations with the other american states some of these issues such as the place of the church of england in the newly republican virginia received quick resolutions others such as the nature of the relationship between the elite and other men were not so easily decided all of them were considered against the backdrop of virginia's decline from preeminence in the revolution and early republic to the position of just another state in the age of jackson by following virginia's american revolution from start to finish this account shows why so many revolutionaries in the old dominion died doubting that their great struggle had been worth the effort

long positioned and long respected as a bestseller for the u s history survey course that focuses on political history as its framework this textbook's most

significant strength is its rich and distinctive prose for this eleventh edition co authors mark carnes of barnard college at columbia university and john garraty have collaborated to retell the story of americas past for the eleventh edition the authors have written a new prologue on pre columbian america and the continents earliest human inhabitants revised each chapter to incorporate recent research and scholarship integrated more social and cultural history selected many new illustrations and written informative new captions to engage students visually introduced two new features and updated the final chapter 33 to carry the story through the election of 2000 the beginnings of the bush administration and the events and aftermath of september 11 2001 which have profoundly changed the american nation and its people
