what are the grand dynamics that drive the accumulation and distribution of capital questions about the long term evolution of inequality the concentration of wealth and the prospects for economic growth lie at the heart of political economy but satisfactory answers have been hard to find for lack of adequate data and clear guiding theories in this work the author analyzes a unique collection of data from twenty countries ranging as far back as the eighteenth century to uncover key economic and social patterns his findings transform debate and set the agenda for the next generation of thought about wealth and inequality he shows that modern economic growth and the diffusion of knowledge have allowed us to avoid inequalities on the apocalyptic scale predicted by karl marx but we have not modified the deep structures of capital and inequality as much as we thought in the optimistic decades following world war ii the main driver of inequality the tendency of returns on capital to exceed the rate of economic growth today threatens to generate extreme inequalities that stir discontent and undermine democratic values if political action is not taken but economic trends are not acts of god political action has curbed dangerous inequalities in the past the author says and may do so again this original work reorients our understanding of economic history and confronts us with sobering lessons for today

deluged with messages that range from it s ivy league or bust to it doesn t matter where you go college applicants and their families often find themselves lost adrift in a sea of information overload finally a worthy life preserver has arrived the enlightened college applicant presents a no nonsense account of how students should approach the college search and admissions process instead of providing recycled entrance statistics or anecdotal generalizations about campus life authors belasco and bergman incorporate cutting edge data and research to pull back the curtain on critical topics such as whether college prestige really matters how to maximize your college admission prospectsw hich schools and degrees provide the best return on investmenthow to minimize the costs of a college educationwhat college related skills are valued in the job market and much more whether you are a valedictorian or a b c student this easy to read book will improve your college savvy and enable you to maximize the benefits of your higher education

master s thesis from the year 2014 in the subject economics finance grade 3 university of applied sciences osnabrück wiso course international business and management language english abstract this paper observes the relationship between multiple variables in order to determine whether financial inclusion can be used as a tool for poverty reduction in the middle east and north africa there are many reports that identify this to be function to something very likely as a tool around the world however there has been

limited work regarding financial inclusion and the middle east and north africa through qualitative and quantitative research this paper examines the possibility of this theory working in mena wide income disparities combined with government corruption religious dispositions and an overall lack of money are contributing barriers to the unbanked these factors greatly limit the use of this tool until other issues are tackled and governments commit to more policies that will be conducive to growth banks must be more open to lending and people will have to become more financially literate the world bank gallup the imf and various authors in addition to the world bank index dataset are used to reference information conceded by well respected authors in the financial development and in the government sector although there seems to be a great deal of promise with the concept of financial inclusion as a tool for poverty reduction world wide it seems to be very limited in mena in the poverty stricken nations algeria egypt iraq jordan lebanon morocco and yemen are observed in the report generally there are barriers preventing the implementation of inclusiveness which will prevent the advancement of poverty alleviation more government commitment is required
