dive into the intricate world of compound figures of speech with this groundbreaking volume exploring hyperbolic metaphor hyperbolic irony and ironic metaphor this book

delves into the complexities of these expressions revealing its nuanced meanings driven by contextual factors through thought provoking research questions readers uncover the logical psychological and temporal order of interpretation behind these compound figures proposing a complexity theory paradigm the book offers a fresh perspective on their analysis arguing for a context dependent approach drawing on experimental evidence involving 155 participants it demonstrates how factors such as language proficiency and sociocultural knowledge influence the cognitive complexity of compound figures with insights into the flexible nature of interpretation and the interplay of contextual attractors and salience this book reshapes our understanding of figurative language the book paves the way for further exploration into the rich tapestry of compound figures and their impact on communication

this book gathers high quality peer reviewed research papers presented at the 2nd edition of the international conference on artificial intelligence and green computing icaigc 2025 organized by the data intelligence and cloud computing team data4earth laboratory beni mellal morocco from may 14 16 2025 this book offers a rich compilation of current research and applied insights from 41 research papers presented during the icaigc 2025 conference it aims to enhance understanding the pivotal role and the transformative impact of the artificial intelligence across diverse domains designed for academics professionals alike and all ai enthusiast and practitioner this book explores how ai driven solutions can address sustainability challenges and drive technological progress as a result the book is organized into four thematic sections that reflect the diverse applications of ai ai for multimedia processing ai for distributed computing ai for green computing and ai applications

this book explores the primary methods presented as a set of thirteen patterns used to insert mistruth in historical narratives these patterns culminate in the broadest of patterns versioning and propaganda which are used to show that mistruth is unavoidable in any historical narrative this also supports the argument that a primary task of the historian is to provide their own contextual considerations sufficiently to help their readers create their own version the value of a deep mistruth aware analysis of history is thus shown to be crucial for understanding how to protect data of all types in today's electronic society in the internet age the history literature culture and training of humans has increasingly moved on line while this makes traditionally difficult to access content available in theory to all it also exposes the truth associated with these hallmarks of civilization to attack by those who wish to replace it with their own version of history literature culture and learning each chapter includes a brief cyber salon applying the historical principles to the field of cybersecurity which is of critical importance to preserving truth in an on line world

although the figure of irony has enjoyed extensive attention through important contributions to the diverse literatures addressing figurative thought and language it still remains relatively in the background compared to other figures such as metaphor and metonymy the present volume together with a 2017 collection by angeliki athanasiadou and herbert I colston aims to the further exploration of verbal and situational irony its gestural accompaniments its comprehension and interpretation its constructional diversity and its cooperation with other figures such as metaphor and hyperbole the present volume is a highly interesting collection of chapters dealing with both theoretical investigations and descriptive applications of a central figure pervading human thought and language its aim is to draw more attention to irony s diversity and its concomitant connections to other aspects of figurativeness

rhetorical democracy how communication shapes political culture offers an explanation and diagnosis of the current state of american democracy rooted in the american pragmatist tradition robert danisch analyzes the characteristics of communication systems and communication practices that inhibit or enhance democratic life in doing so this book provides a detailed explanation of the ways in which the communication systems and practices that constitute democratic life are currently fostering polarization and how they might be made to foster cooperation scholars of communication rhetorical studies political science and media studies will find this book of particular interest

this book combines explanatory breadth with analytical delicacy it offers a comprehensive study of a broad array of traditional figures of speech by systematizing linguistic evidence of the cognitive processes underlying them such processes are explicitly linked to different communicative consequences thus bringing together pragmatics and cognition this type of study has allowed the authors to provide new definitions for all the figures while making their dependency relations fully explicit for example hypallage antonomasia anthimeria and merism are studied as variants of metonymy and analogy paragon and allegory as variants of metaphor an important feature of the book is its special emphasis on the combinations of figures of speech into conceptually more complex configurations finally the book accounts for the principles that regulate the felicity of figurative expressions the result is a broad integrative framework for the analysis of figurative language grounded in the relationship between pragmatics and cognition

1 new york times bestseller funny and smart as hell bill gates allie brosh s hyperbole and a half showcases her unique voice leaping wit and her ability to capture complex emotions with deceptively simple illustrations from the publisher every time allie brosh posts

something new on her hugely popular blog hyperbole and a half the internet rejoices this full color beautifully illustrated edition features more than fifty percent new content with ten never before seen essays and one wholly revised and expanded piece as well as classics from the website like the god of cake dogs don t understand basic concepts like moving and her astonishing adventures in depression and depression part two which have been hailed as some of the most insightful meditations on the disease ever written brosh s debut marks the launch of a major new american humorist who will surely make even the biggest scrooge or snob laugh we dare you not to from the author this is a book i wrote because i wrote it i had to figure out what to put on the back cover to explain what it is i tried to write a long third person summary that would imply how great the book is and also sound vaguely authoritative like maybe someone who isn t me wrote it but i soon discovered that i m not sneaky enough to pull it off convincingly so i decided to just make a list of things that are in the book pictures words stories about things that happened to me stories about things that happened to other people because of me eight billion dollars stories about dogs the secret to eternal happiness these are lies perhaps i have underestimated my sneakiness

ben horowitz cofounder of andreessen horowitz and one of silicon valley s most respected and experienced entrepreneurs offers essential advice on building and running a startup practical wisdom for managing the toughest problems business school doesn t cover based on his popular ben s blog while many people talk about how great it is to start a business very few are honest about how difficult it is to run one ben horowitz analyzes the problems that confront leaders every day sharing the insights he s gained developing managing selling buying investing in and supervising technology companies a lifelong rap fanatic he amplifies business lessons with lyrics from his favorite songs telling it straight about everything from firing friends to poaching competitors cultivating and sustaining a ceo mentality to knowing the right time to cash in filled with his trademark humor and straight talk the hard thing about hard things is invaluable for veteran entrepreneurs as well as those aspiring to their own new ventures drawing from horowitz s personal and often humbling experiences
