examines the role of playfulness in animal and human development highlighting its links to creativity and in turn to innovation

even though playing and playfulness can make us feel happy and joyful for some adults it might not feel comfortable to be playful at work especially if it is not perceived as contributing to productivity evidence exists however regarding positive outcomes of playfulness in the workplace including openness to new ideas and psychological benefits such as divergent thinking emotional regulation strengthening of relationships enhancement of positive communication skills and providing resources for dealing with stress csikszentmihalyi 2014 van vleet feeney 2015b west hoff carlsson 2016 2017 research on playfulness in the workplace is quite limited and this study was conducted to shed light on this behaviour trait in the context of work both interpretive van manen 2014 2016 and post intentional vagle 2018 phenomenological analytical frameworks were applied to explore the research question what is the lived experience of playfulness in the workplace through semi structured interviews eight participants identified as being particularly playful at work and representing a range of professions discussed the feelings and attitudes of playfulness at work during interviews participants described attributes of playfulness as feeling alive fun goofy silly being light hearted and happy other playfulness attributes were discussed such as an ecstatic experience spirit lifting as a planned strategy for building relationships a method of welcoming new solutions and a strategy for overcoming difficult tasks data was initially classified into categories and clusters of meanings and these summaries were further

consolidated into codes and subcodes subsequently the codes and sub codes were considered as being continuously interconnected and related always moving with no clear aspect or reduction to a singular theme or essence testimonial evidence emerged that revealed the complexity of this phenomenon and that creating a playful environment at work is not as easy as saying let s have fun playfulness at work was shown to have interrelated components that are flexible and continuously being produced the behaviour trait of playfulness in the workplace environment is a unique and complex reality and is relatively unexplored this study contributes to the ongoing discussion regarding the complex nature of this phenomenon and offers a recognition of the challenges of creating a playful climate at work by adding to the conversation about possible processes for including playfulness in the work environment this project illustrates that developing a playful climate at work involves intersecting components and an awareness and consideration of these interrelationships this exploratory study highlights that there is no precise technique to promote playfulness at work but that it is a complex and continuously shifting phenomenon potentially generating positive workplace outcomes

this is an exact reproduction of a book published before 1923 this is not an ocr d book with strange characters introduced typographical errors and jumbled words this book may have occasional imperfections such as missing or blurred pages poor pictures errant marks etc that were either part of the original artifact or were introduced by the scanning process we believe this work is culturally important and despite the imperfections have elected to bring it back into print as part of our continuing commitment to the preservation of printed works worldwide we appreciate your understanding of the imperfections in the preservation process and hope you enjoy this valuable book

If you ally need such a referred <b>Activity Analysis Creativity And Playfulness In</b> ebook that will offer you worth, acquire the entirely best seller from us currently from several	preferred authors.
