advertising and integrated brand promotion 4th edition is highly visual and provides an integrated learning experience for the student the new edition continues the tradition of delivering a solid understanding of advertising strategy through a clearly written text as well as through the most contemporary ads the table of contents follows the same process as an advertising agency like other aspects of business good advertising is the result of hard work and careful planning the new edition of advertising and integrated brand promotion illustrates how to best accomplish this

to get the full benefit of branding companies must actually live the brands they sell this approach is called integrated branding and it s not just a communications strategy companies must demonstrate to themselves and their customers that its brands are what the company is the brand and the company are inseparable and that realization must pervade the entire organization from new product development to human resource management integrated branding is a way of operating an overall way of doing business and a way to make certain a company s products are based on the right answers to two mutually reinforcing questions what do customers value and what does the company do best in relation to what the

customers want the tools to accomplish these goals are called drivers lepla and parker show clearly and comprehensively how drivers work and how to apply them not just for marketing directors strategy planners and executive policy makers will also find this to be an essential resource in their quest to increase market leadership and to enhance the bottom line through their integrated brand model lepla and parker discuss both organization drivers and brand drivers they see the process as a research driven one that gets everyone in the organization contributing to the effectiveness of its brands with brand tools accepted throughout the company people can determine more easily and accurately whether their decisions and actions will actually further the brand the authors show how different companies apply their model in different ways lepla and parker also include discussions of how to determine brand structure how an integrated brand applies to marketing communications and how integrated brands can help companies when they go public

like other aspects of business good advertising is the result of hard work and careful planning creating good advertising is an enormous challenge imaginative and refreshingly honest advertising and integrated brand promotion 3e continues the tradition of providing students with a solid understanding of advertising strategy the table of contents is designed to follow the same process that advertising agencies follow

integrated brand promotion management text cases and exercises

a successful marketing manager needs to be able to use different media channels to reach specific audiences and know through campaign research and evaluation how the component parts of integrated brand marketing are working this book explores this criteria

this title was first published in 2000 global competition is increasingly impacting on even the most isolated of companies the only way for any company to sustain competitive advantage is by tapping into the single remaining area of great potential the management of people if we want to be an above average company we will need an above average ratio of above average people who perform at above average levels none of which will happen without above average levels of management malcolm birkin's building the integrated company offers a model for exploiting the human potential within

organizations this potential is one which in previous decades through an absence of focus on business basics and an adherence to mistaken ideas about sustainable competitive advantage we have contrived to turn into all too limited performance the first stage in any new learning process is to unlearn the misplaced concepts and bad habits we have developed section one of the book describes and contrasts the similarities and differences of american european and japanese management and then describes the characteristics of the integrated company which has absorbed and perfected the best systems and philosophies from around the world anyone seeking to follow this lead needs to be able to distinguish the realities of these management systems from the myths section two is built around a series of 13 detailed and scored questionnaires containing over 240 individual questions enabling the reader to assess every aspect of their business from management focus to the behaviours of the workforce against the integrated company model section three the largest and most important section deals with integration addressing the practical implementation of the systems and philosophies in a clear logical and hands on manner as the name suggests the integrated company is a holistic model involving every aspect of the business nevertheless managing people the unlimited potential remains the most complex

this innovative work provides a state of the art overview of current thinking about the development of brand strategy unlike other books on branding it approaches successful brand strategy from both the producer and consumer perspectives the science and art of branding makes clear distinctions among the producer s intentions external brand realities and consumer s brand perceptions and explains how to fit them all together to build successful brands co author sandra moriarty is also the author of the leading principles of advertising textbook and she and giep franzen have filled this volume with practical learning tools for scholars and students of marketing and marketing communications as well as actual brand managers the book explains theoretical concepts and illustrates them with real life examples that include case studies and findings from large scale market research every chapter opens with a mini case history and boxed inserts featuring quotes from experts appear throughout the book the science and art of branding also goes much more deeply than other works into the core concept of brand equity employing new measurement systems only developed over the last few years

formerly published by chicago business press now published by sage sustainable marketing third edition presents a sustainable marketing perspective that addresses financial and social performance as well as ecological performance in consideration of the impact upon the environment in which markets operate authors robert dahlstrom and jody l crosno

incorporate state of the art examples of business practice while delivering on a theoretically based and managerially relevant approach to sustainable marketing
