few american historians of his generation have had as much influence in both the academic and popular realms as alan brinkley his debut work the national book award winning voices of protest launched a storied career that considered the full spectrum of american political life his books give serious and original treatments of populist dissent the role of mass media the struggles of liberalism and conservatism and the powers and limits of the presidency a longtime professor at harvard university and columbia university brinkley has shaped the field of u s history for generations of students through his textbooks and his mentorship of some of today s foremost historians alan brinkley a life in history brings together essays on his major works and ideas as well as personal reminiscences from leading historians and thinkers beyond the academy whom brinkley collaborated with befriended and influenced among the luminaries in this volume are the critic frank rich the journalists jonathan alter and nicholas lemann the biographer a scott berg and the historians eric foner and lizabeth cohen together the seventeen essays that form this book chronicle the life and thought of a working historian the development of historical scholarship in our time and the role that history plays in our public life at a moment when americans are pondering the plight of their democracy this volume offers a timely overview of a consummate student and teacher of the american political tradition

the new ap edition of alan brinkley s american history 2015 fully addresses the newly enhanced ap united states history curriculum providing students with guidance and support to master key concepts and themes develop historical thinking skills and succeed on the new ap u s history exam

there are so many books on so many aspects of the history of the united states offering such a wide variety of interpretations that students teachers scholars and librarians often need help and advice on how to find what they want the reader s guide to american history is designed to meet that need by adopting a new and constructive approach to the appreciation of this rich historiography each

of the 600 entries on topics in political social and economic history describes and evaluates some 6 to 12 books on the topic providing guidance to the reader on everything from broad surveys and interpretive works to specialized monographs the entries are devoted to events and individuals as well as broader themes and are written by a team of well over 200 contributors all scholars of american history

aligned to the latest ap standards american history ap edition shows students that history is not just a collection of names and dates but an ongoing story which teaches us about the present as well as the past known for its clear narrative voice and impeccable scholarship alan brinkley s best selling text invites students to think critically about the many forces that continually create the united states in a concise but wide ranging narrative brinkley shows the diversity and complexity of the nation and of our understanding of its history an understanding that continues to evolve both in the events of the present and in our reexamination of new evidence and perspectives on the past this 14th edition features a new series of consider the source essays a brand new pedagogy program four new america in the world essays and extensive content updates that demonstrate how a new generation of historians and of historical actors continues to shape the american story

highly respected for its impeccable scholarship and elegant writing style american history a survey provides students and instructors with a comprehensive account of the american past in which no single approach or theme predominates from its first edition this text has included a scrupulous account of american political and diplomatic history today however the book explores areas of history such as social cultural urban racial and ethnic history more history of the west and south environmental history and the history of women and gender in addition american history has not evolved in a vacuum but as part of a larger global world the eleventh edition of this text places american history into that global context making connections for students who live in an ever expanding world themselves

bachelor thesis from the year 2014 in the subject american studies miscellaneous grade 1 3 university of frankfurt main institut für england und amerikastudien language english abstract in 1987 the american philosopher allan david bloom published his controversial book the closing of the american mind in which he critiziced contemporary trends in american academia as well as in the popular culture the author was particularly critical of concepts like historicism and moral and cultural relativism the book was largely

perceived to be a conservative tract although bloom himself rejected the label conservative while liberal commentators were skeptical of bloom's theses conservative intellectuals by and large praised the book the conflict laid bare here was and is a battle between political forces for cultural sovereignty especially in the universities the commanding heights of american intellectual life this conflict was well captured in camille paglia's famous description of the closing of the american mind as the first shot in the culture wars the purpose of this paper is to inquire into the american right's reception and reconstruction of the closing of the american mind and to determine the initial impact and lasting influence the book had on american conservative thought in order to provide a comprehensive analysis eminent conservative publications as well as the writings of notable conservative intellectuals will be examined different responses from different factions of the conservative coalition shall be differentiated and taken into account as will the changing perception of bloom's ideas over time therefore this paper is divided into different sections one of which will cover the time immediately after the publication of the closing and another the time between the initial response and the present these two parts are complemented by another two sections which will examine the history of american conservatism from 1945 up to the respective points in time and thereby provide the necessary context

some programs include also the programs of societies meeting concurrently with the association

includes the ap advantage 3 step solution 1 platform formula for learning

the author of voices of protest presents a single volume history of the united states that explores america's rich complexity and diversity as well as the forces that have drawn it together to create a stable political system

one promoted goat gland transplants as a remedy for lost virility or infertility another blamed aluminum cooking utensils for causing cancer the third was targeted by the food and drug administration as public enemy number one for his worthless cures john brinkley norman baker and harry hoxsey were the ultimate snake oil salesmen of the twentieth century with backgrounds in lowbrow performance carnivals vaudeville night clubs each of these charismatic con men used the emerging power of radio to hawk alternative cures in the midwest beginning in the roaring twenties through the depression era and into the 1950s all scorned the medical establishment for avarice while amassing considerable fortunes of their own and although the american medical association castigated

them for preying on the ignorant this book shows that the case against them wasn't all that simple quacks and crusaders is an entertaining and revealing look at the connections between fraudulent medicine and populist rhetoric in middle america eric juhnke examines the careers of these three personalities to paint a vision of medicine that championed average americans denounced elitism and affirmed rustic values all appealed to the common man winning audiences and patrons in rural america by casting their pitches in everyday language and their messages proved more potent than their medicines in treating the fears insecurities and failing health of their numerous supporters juhnke first examines the career of each man revealing their geniuses as businessmen and propagandists with such success that brinkley and baker ran for governor of their states and hoxsey had thousands of supporters protest his persecution by the fda juhnke then investigates the identity motives and willingness to believe of their many patients and followers he shows how all three men used populist rhetoric evangelical anti communist anti intellectual to attract their clients and then how their particular brand of populism sometimes mutated to anti semitism and other sentiments of the radical right by treating the incurable brinkley baker and hoxsey took on the mantles of common folk crusaders brinkley was idolized for his goat gland cures until his death and hoxsey's former head nurse continued his work from tijuana until her death in 1999 in considering who visits quacks and why juhnke has shed new light not only on the ongoing battle between alternative and organized medicine but also on the persistence of quackery and gullibility in american culture

known for its clear narrative voice impeccable scholarship and affordability alan brinkley's the unfinished nation offers a concise but comprehensive examination of american history balancing social and cultural history with traditional political and diplomatic themes it tells the story of the diversity and complexity of the united states and the forces that have enabled it to survive and flourish despite division this fifth edition of volume 1 includes coverage of events and developments through the year 1877 and features two new essays

article abstracts and citations of reviews and dissertations covering the united states and canada

in his compelling reinterpretation of american history the public and its possibilities john fairfield argues that our unrealized civic aspirations provide the essential counterpoint to an excessive focus on private interests inspired by the revolutionary generation

nineteenth century americans struggled to build an economy and a culture to complement their republican institutions but over the course of the twentieth century a corporate economy and consumer culture undercut civic values conflating consumer and citizen fairfield places the city at the center of american experience describing how a resilient demand for an urban participatory democracy has bumped up against the fog of war the allure of the marketplace and persistent prejudices of race class and gender in chronicling and synthesizing centuries of u s history including the struggles of the antislavery labor women s rights movements fairfield explores the ebb and flow of civic participation activism and democracy he revisits what the public has done for civic activism and the possibility of taking a greater role in this age where there has been a move towards greater participation in america s public life from its citizens fairfield s book written in an accessible jargon free style and addressed to general readers is especially topical

the new ap edition of alan brinkley s american history 2015 fully addresses the newly enhanced ap united states history curriculum providing students with guidance and support to master key concepts and themes develop historical thinking skills and succeed on the new ap u s history exam
