northern albania and montenegro are the only regions in europe to have retained a true tribal society up to the mid twentieth century this book provides the first scholarly investigation of this tribal society a pioneer work that offers a detailed survey of all the major albanian speaking tribes in albania montenegro and kosovo robert elsie provides comprehensive material on the 69 different tribes including data on their locations religious affiliations tribal structures and relations population statistics tribal folklore legends and history also included are excerpts from the works of prominent nineteenth and early twentieth century writers such as edith durham and johann georg von hahn who travelled through the tribal regions as well as short biographies on prominent figures linked to the tribes as the first book of its kind the tribes of albania will be of interest to scholars and students of the balkans of southeastern european anthropology ethnography and history

thanks to its half century under communism as well as its little known language albania has suffered from neglect and a sense of isolation yet as this study helps to show the albanian lands have a long history of interaction with others they have been a meeting ground of christianity and islam a channel through which venice connected with the ottoman balkans a place of interest to the habsburgs and a focus for the ambitions of neighbouring powers in the late ottoman period albanians themselves could have many different identities the studies in this volume by one of the world's leading experts on albanian history range from the fifteenth century to the twentieth taking in politics social history religion and diplomacy each is based on original research the longest on ali pasha uses a wealth of manuscript material to tell for the first time the full story of the vital role he played in the international politics of the napoleonic wars other studies bring to life ordinary individuals hitherto unknown to history women hauled before the inquisition for example or the author of the first albanian autobiography some of these studies have been printed before several in hard to find publications and one only in albanian but the greater part of this book appears here for the first time this is not only a landmark publication for readers interested in south east european history it also engages with many broader issues including religious conversion crypto christianity among muslims methods of enslavement within the ottoman empire and the nature of modern myth making about national identity

the burial tumulus of lofkend lies in one of the richest archaeological areas of albania ancient illyria home to a number of burial tumuli spanning the bronze and iron ages of later prehistory some were robbed long ago others were reused for modern burials few were excavated under scientific conditions modern understanding of the pre and protohistory of illyria has largely been shaped by the contents of such burial mounds what inspired the systematic exploration of lofkend by ucla was more than the promise of an unplundered necropolis it was also a chance to revisit the significance of this tumulus and its fellows for the emergence of urbanism and complexity in ancient illyria in addition to artifacts the recovery of surviving plant remains bones and other organic material contribute insights into the environmental and ecological

history of the region

this is the first major book on albanian migration the most significant east west migration since the collapse of the soviet bloc prevented from leaving their country for over 45 years the citizens of the republic of albania emigrated en masse during the 1990s and the exodus continues according to the 2001 census one in five albanians was a migrant living abroad mainly in greece and italy but also and increasingly in a range of other european countries and in north america the volume offers a comprehensive and integrated understanding of albanian migration addressing its temporal and spatial dynamics its diversity of types and destinations and the implications of the migration for albanian society and economic development its contributors comprise key researchers on albanian migration from around the world the book reflects the wide diversity of disciplinary and interdisciplinary approaches deployed by researchers studying this phenomenon
