this work first published in 1985 is an analysis of the syntax of the albanian verb complex the term verb complex is defined here as the verb stem and its conjugational endings together with the perfect auxiliaries and verb clitics in a wider sense the verb includes the verb and its central arguments subject direct object and indirect object the analysis is presented in a somewhat expanded version of the relational grammar framework of perlmutter and postal 1977 it is argued that by assuming the existence of multiple levels in the syntactic structure of a clause it is possible to account for the distribution of active and non active verb forms over the various constructions of albanian with a single generalisation this title will be of interest to students of language and linguistics

text in english and albanian translated from a work originally written in german and albanian

albania is not well known by outsiders it was deliberately closed to the outside world during the communist era now it has thankfully become free again its borders are open and it can be visited

and it is increasingly integrating with the rest of europe and beyond unfortunately albania has had its share of problems in the post communist era it s a land of destitution and despair thanks in part to the albanian mafia which has turned the country into one of blood feuds kalashnikovs and eternal crises yet albania is in essence a european nation like any other and will soon it is to be hoped advance and take its proper place in europe and the world the second edition of the historical dictionary of albania relates the history of this little known country through a detailed chronology an introduction a bibliography appendixes and over 700 cross referenced dictionary entries on significant persons places and events institutions and organizations and political economic social cultural and religious facets
