skeletal bodies of men and women staring lifelessly out of sunken eye sockets children with bloated stomach who look decades older than their actual years crowds stampeding towards helicopters trucks unloading food donated by international humanitarian organizations hunger starvation famine and death depicted in their worst forms these are some of the images the media have succeeded in creating and fostering on the minds of the general public all over the world about the african famine famine in africa is real seemingly perpetual and not getting any better if anything it is worsening the lives of millions of people are at risk right now can the problem of famine hunger and starvation in africa be solved has international food aid helped in any realistic way did the african create the problem what role did globalization play in creating the problem this is the book that asks all the questions that many have not dared to ask and provides all the answers people have not dared to provide it discusses analyzes and puts the issue in its proper historical context by delving into the past and providing details of the underlying factors that contributed to the creation of the problem of famine hunger and starvation in africa

october 19th 1987 was a day of huge change for the global finance industry on this day the stock market crashed the nobel prize winning black scholes formula failed and volatility smiles were born and on this day elie ayache began his career on the trading floor of the french futures and options exchange experts everywhere sought to find a model for this event and ways to simulate it in order to avoid a recurrence in the future but the one thing that struck elie that day was the belief that what actually happened on 19th october 1987 is simply non reproducible outside 19th october 1987 you cannot reduce it to a chain of causes and effects or even to a random generator that can then be reproduced or represented in a theoretical framework the blank swan is elie s highly original treatise on the financial markets presenting a totally revolutionary rethinking of derivative pricing and technology it is not a diatribe against nassim taleb s the black swan but criticises the whole background or framework of predictable and unpredictable events white and black swans alike i e the very category of prediction in this revolutionary book elie redefines the components of the technology needed to price and trade derivatives most importantly and drawing on a long tradition of

philosophy of the event from henri bergson to gilles deleuze to alain badiou and on a recent brand of philosophy of contingency embodied by the speculative materialism of quentin meillassoux elie redefines the market itself against the common perceptions of orthodox financial theory general equilibrium theory and the sociology of finance this book will change the way that we think about derivatives and approach the market if anything derivatives should be renamed contingent claims where contingency is now absolute and no longer derivative and the market is just its medium the book also establishes the missing link between quantitative modelling no longer dependent on probability theory but on a novel brand of mathematics which elie calls the mathematics of price and the reality of the market

judy garland on judy garland is the closest we will come to experiencing and exploring the legend s planned autobiography collecting and presenting the most important garland interviews and encounters that took place between 1935 and 1969 this work opens with her first radio appearance under contract with metro goldwyn mayer and concludes with her last known interview one taped for radio denmark just months before her death what makes this collection unique is that it places judy in the role of storyteller she wrote a number of essays for various publications and sat for countless print radio and television interviews these and other autobiographical efforts she made are proof that judy garland wanted her story told in her own words finally 45 years after her death here it is
