during a blustery winter night two retired navy seals transporting a top secret cargo to norad are besieged by an unexpected blizzard a terrible car accident unleashes a

creature with unparalleled killing capacity within hours dozens of people are carved up and dismembered in the town of mangas pass colorado with no end in sight to the carnage police chief don girard pairs up with retired green beret colonel elliot harmon to try to stop the creature from decimating the entire town harmon will be forced to face the sins of his past while girard helplessly agonizes over every death in an effort to protect the town and his own family as the bloody body count rises both men become consumed by a horrifying sequence of events that will forever change their lives the night it got out from the author of the popular short story collection blood verse comes a horrifying novel of suspense and terror that you won't be able to put down

impossible to put down you won't know who or what to believe and the creepy location will have you looking over your shoulder more than once hannah mary mckinnon internationally bestselling author of never coming home intertwining the narrative with the transcript of an anonymous interview this stunning suspense debut from katie garner will take you on a twisting path where nothing and no one is what it seems finding the truth seems impossible when her own dark past has her seeing lies everywhere she looks from the outside criminal psychiatrist dr madeline pine's life appears picture perfect she has a beautiful family a successful mental health practice and a growing reputation as an expert in female violence but when she's called to help investigate a mysterious death at a boarding school for troubled girls madeline hesitates she's been through tragic cases before and the one she was entangled in last year nearly destroyed her yet she can't turn away when she hears about charley ridley after the girl was found shoeless and in pajamas at the bottom of an icy ravine on campus the police ruled it a tragic accident but the private investigator hired by her mother has his doubts if it were madeline's daughter who died she'd want to know why arriving at the secluded campus in upstate new york madeline's met by an unhelpful skeleton staff and the four other students still on campus during winter break each seems to hold a piece of the puzzle and everyone has secrets madeline included but who would kill to protect them

there are nights when the world finally becomes quiet the lights fade and nothing moves yet inside you everything begins to race and this book begins exactly in that fragile moment when your body wants to rest but your mind wakes up as if the darkness were a signal to open every unfinished feeling you carried throughout the day night time anxiety doesn't roar it whispers it tightens your chest speeds up your thoughts magnifies small worries and turns simple exhaustion into a storm you can't describe you think it's insomnia you think it's stress you think something is wrong with you but the truth is far more human your false daytime calm was only survival and

the night is where the exhaustion you've been hiding finally shows itself in these pages you'll discover why fear appears only when everything is quiet why your thoughts get louder when the world goes silent why memories and worries replay in the dark and why your body stays in alert mode even when you're deeply tired you'll learn how emotional fatigue disguises itself as restlessness how unexpressed sadness becomes tension at bedtime how your nervous system struggles to shift from performing to resting and how the quiet of night reveals the weight you didn't allow yourself to feel during the day you'll understand that this fear isn't your enemy it's a message a signal from the parts of you that can finally breathe when the noise stops you'll also find gentle compassionate ways to support yourself when night time anxiety hits how to break the cycle of racing thoughts without fighting them how to lower the intensity of your mind with rituals that soothe rather than control how to listen to your fears without drowning in them how to use breath and stillness as anchors when your inner world feels too loud and how to rebuild a sense of safety inside yourself even when the darkness feels overwhelming this book will help you understand what your anxiety is trying to tell you how to hold yourself through emotional exhaustion and how to replace self criticism with presence comfort and truth because the night is not here to expose your weakness it's here to reveal your tiredness when you finally stop pretending you're fine and allow yourself to feel what's been piling up something inside you softens the fear loses its shape the tension loosens and a quiet real calm begins to rise and it's in that small honest calm before sleep even arrives where healing begins where you return to yourself with tenderness and where the night becomes not a threat but a doorway back to the truth you had been too exhausted to hear in the light
