capitalism now dominates the globe both in economics and ideology
shapes every aspect of our world and influences everything from
laws wars and government to interpersonal relationships
introducing capitalism tells the story of its remarkable and often
ruthless rise evolving through strife and struggle as much as
innovation and enterprise dan cryan and sharron shatil with piero
s brilliant graphics cover the major economic social and political
developments that shaped the world we live in such as the rise of
banking the founding of america and the opium wars the book
explores the leading views for and against including thinkers like
adam smith karl marx theodor adorno and milton friedman the
connections between them and their historical context few ideas
have had as much impact on our everyday lives as capitalism
introducing capitalism is the essential companion

sport is everything but never solely sport the commodification of human pleasure in or about many sports led to an increased political interest and dimension with regard to the major leagues and their stars corruption and scandals increased while the human being in sports was and still is very often exploited or mistreated these problems often relate to the political dimension as well consequently it seems very promising and necessary alike to take a closer look at the interrelation of sports and politics the present volume addresses this interrelation from different angles when talking about issues like racism gender inequality or classism

that the notion of sufficiency is essential for a good life is an idea that enjoys support across many ethical philosophical religious and cultural persuasions this notion reasserted itself in the study of sustainability once modern society reluctantly took cognizance of the limited low entropy energy and matter available for human appropriation there is today therefore a general recognition of i e not necessarily wide agreement on the merits of or needs for notions of sufficiency as a species of environmentalism within secular communities in this context a critical question that invites our attention is how to effect sufficiency and in particular of dealing with the daunting challenge of injustice as well as questions of distribution within and between countries that it brings to attention given sufficiency s original home as it were in tradition the modern world has tended to dismiss it or to plead to individual voluntary simplicity when faced with evidence asserting its necessity sufficiency is also often written away as a spiritual problem the domain of ascetics and the religious how to habilitate sufficiency in a political economy for the secular modern facing its biggest existential challenge yet in the form of the environmental crisis

a brilliant global narrative that unravels the defining story of the past thousand years magisterial in scope and ambition sven becker's capitalism is a dazzling global history of the forces that have shaped and continue to shape our world a true tour de force peter frankopan sven becker has written what will surely become a key reference on the global history of modern capitalism from 1450 until the present day a monumental book a must read thomas piketty author of capital in the twenty first century no other phenomenon has shaped human history as decisively as capitalism it structures how we live and work how we think about ourselves and others how we organise our politics sven becker situates the story of capitalism within the largest conceivable geographical and historical framework in this fascinating new book capitalism argues becker was born global emerging from merchant communities across asia africa and europe capitalism's radical recasting of economic life rooted itself only gradually then it burst onto the world scene as european states and merchants built

a powerful alliance that would propel them across the oceans this epic drama corresponded at no point to an idealised dream of free markets all along state backed institutions and imperial expansions shaped its dynamics capitalism decentres the european perspective highlighting agency resistance innovation and ruthless coercion around the world through to the present with the rise of asian economies particularly china sven beckert doesn t merely add up capitalism s debits and credits in this monumental book but allows us to think afresh about the past to help us re imagine the future
