ever since godwin announced to the world in memoirs that wollstonecraft had had little use for religion most biographers scholars historians and readers have regarded her as an apostate further the existing scholarly texts fail to demonstrate the pervasiveness of biblical references in a vindication of the rights of woman the true tally of scriptural references approaches over 1 100 as identified in this study wollstonecraft's biblical allusions besides sheer volume are noteworthy because they gave women a biblical basis upon which to contend for better education and occupational opportunities as well as for legal and political independence that the arguments were couched in biblical rhetoric most likely contributed to their initial reception and tolerance of what were incendiary ideas and searing social criticism the recognition and analysis of biblical underpinnings in wollstonecraft and religion not only of rights of woman but also of her other publications and letters propose new consideration regarding the mother of feminism and her work the chapters that accompany the annotated text of rights of woman furnish biographical and historical context that offer fresh perspectives about wollstonecraft's religious convictions and faith many of which have not been published elsewhere

from vividly colored underwater photographs of Australia's Great Barrier Reef to life size dioramas re-creating coral reefs and the bounty of life they sustained the work of early twentieth century explorers and photographers fed the public's fascination with reefs in the 1920s John Ernest Williamson in the Bahamas and Frank Hurley in Australia produced mass circulated and often highly staged photographs and films that cast corals as industrious colonizing creatures and the undersea as a virgin unexplored and fantastical territory in Coral Empire Ann Elias traces the visual and social history of Williamson and Hurley and how their modern media spectacles yoked the tropics and coral reefs to colonialism racism and the human domination of nature using the labor and knowledge of indigenous peoples while exoticizing and racializing them as inferior others Williamson and Hurley sustained colonial fantasies about people of color and the environment as endless resources to be plundered as Elias demonstrates their reckless treatment of the sea

prefigured attitudes that caused the environmental crises that the oceans and reefs now face
