in this book of reflections about benedictine spirituality author daniel conway shares with readers his reflections on the joy and peace that he has found in and through 50 years of association with women and men who follow the benedictine way in spite of what some would say the benedictine way is not primarily about the fuga mundi withdrawal or flight from the world it is instead a way of being in the world but not of it a manner of engagement that allows christians to enjoy all the good things god has made without turning them into false idols that distort our values and consume us in the process archabbot kurt stasiak of saint meinrad summarizes benedictine monasticism as seeking god in community which presumes a commitment to being guided by others and helping others find god prayer and fidelity to the common life are the principal ways that followers of st benedict seek god in community over the course of a whole lifetime archabbot kurt goes on to say that mutual obedience to the rule the abbot and to each other is the way to god for monks and for all who strive to live according to the teaching of st benedict once it is understood and lived authentically the benedictine way is truly a way of peace and joy that never happens overnight it takes time to absorb the principles and practices of benedictine spirituality and to integrate them into our minds and hearts this is true for vowed monks whose whole lives are dedicated to living the rule of benedict in a particular place and time it s also true for ordinary people who are not called to be monks but who are seeking ways to live the gospel that can help them cope with the madness of everyday living in the world

for readers of the benedict option here is another invaluable collection of benedictine wisdom to live by today s culture is increasingly hostile and suspicious toward anyone who appears to be different especially when tragedy strikes our instinct is to bolt our doors and protect the ones we love but deep within the heart of benedictine spirituality lies a remedy to hatred fear and suspicion hospitality at once deeply comforting and sharply challenging true benedictine hospitality requires that we welcome the stranger not only into our homes but into our hearts with warmth and humor drawing from the monastic tradition and sharing personal anecdotes from their own lives pratt and homan encourage us to embrace not only the literal stranger but the stranger within and the stranger in those we love

the rule of benedict constitutes a basic guide for living the christian life and continues to be followed by every benedictine monastery and convent in the world today just the idea that a guide for living could not only last 1500 years but continue to be followed by thousands of people makes its study valuable for monks and nuns as well as laypeople the rule offers people a plan for living a balanced simple and prayerful life in it benedict tells his monks and nuns that ora et labor is their way work and prayer that the divine office is their work opus dei and the vows of stability conversion and obedience are their commitments these vows have much to say to those of us not living in a monastery or convent stability stability refers to the importance of community and commitment in life for a monk or nun it refers directly to a commitment to the monastery where they will live for the rest of their life while we all may not be a member of a monastic order we can make our vow of stability to our families to our faith communities to our local and global communities and to our fellow pilgrims along the journey of faith the vow of stability also speaks to our current environmental crisis for when we remain committed to the earth we learn how to be good stewards of that which god has given us conversion conversion is not confined to a one time experience to a monk or nun conversion of life reminds them that everything they do is from for and with god and that god converts us continually the vow tells the monastic they are to acknowledge that conversion and be open to it for those of us not in the monastery conversion is an ongoing process as well one that helps us walk continually in the presence of god in order to open our ears to god s voice and our eyes to god s presence among us benedict tells us we must keep our hearts and our minds open to the ways that god is moving us when we block the transformation that god is working within us then we are not living into the benedictine way an open heart is one that allows

balanced practices of prayer work study hospitality and renewal to illuminate the ways that god is working within us and within the world obedience when benedict wrote his rule obedience meant what it said the monk was to be obedient to the abbot the rule and the gospels obedience can be a heavy word for us today yet a healthy balanced view of obedience as a way of cultivating a disciplined intentional life that is yearning to be obedient to god is a desire that many people in today s world have and this makes the vow of obedience relevant obedience can entail a healthy sense of humility thinking neither less nor more of yourself than who you are and of respecting and following the guides leaders teachers and fellow travelers who are guiding you on your path the rule revolves around five practices prayer work study hospitality and renewal
