top line academic reading and vocabulary teaches the academic reading skills that are most useful for college and university students building academic reading skills offers reading and vocabulary activities in all units and for each reading within a unit as today s readers need to master a large volume of texts and vocabulary presented in different genres and disciplines top line academic reading and vocabulary is organized by a high interest topic and features multiple readings from different academic disciplines each unit contains one textbook reading and one from another genre because students are increasingly reading newspaper magazine journal and online articles in addition to their textbooks the readings while adapted to be accessible to intermediate to high intermediate students are not easy however through the systematic application of the reading skills students will be able to understand them and apply the information they learn students will gain the satisfaction of having engaged and mastered challenging texts

in 1950 a young french explorer entered deep jungle in brazil and was never seen again inspired by that explorer s diary john and heather harrison paddled their canoe into some of the remotest parts of the amazon this is the incredible story of their struggle to keep their sanity and marriage intact in one of the most hostile places on earth

this book from the previously unpublished manuscript in the national library of ireland is a valuable and deeply detailed edition of the diary kept by casement during his journey into the south american rainforests he had been sent by the british government to report on atrocities against tribal people while being forced to collect rubber in the putumayo region in the north west amazon genocide among the amazon indians has continued but external investigations of this kind have been rare the way in which roger casement carried out his work is still relevant to all kinds of humanitarian and whistle blowing activities it is also a key text charting casement s transition from

observer to anti imperial revolutionary and irish independence leader culminating in his execution by the british government in august 1916 after the easter rising

like most books of poetry they all are a little different some simple and some hard to understand and this one for sure is unorthodox some of these poems are about simplicity political and technical things some about society life and death love and hate our birth and beyond the past present and the future some you will like some you won t but some of these words will make you think depending on your point of view

authors journey the length of the amazon river from its five inch wide source high in the andes to the atlantic ocean

being a member of the board used to be a challenging job it still is but the nature of the challenge the risk even the professional qualifications required have changed the book says how and why

the book that reveals how today s most successful leaders turn vision into reality featuring profiles of jeff bezos bill gates mark zuckerberg steve jobs reed hastings mike lawrie and more consensus negotiation compromise a democratic approach to leadership drives most organizations today consensus based decision making may be popular but it is far from the best approach in business it s also rarely the right approach for c level executives especially now that digital technology is driving real business disruption simply put consensus is an innovation killer the most successful disruptive companies are propelled forward by mandate driven leaders these leaders are inspired by a compelling belief idea strategy or tactic through their willpower organizations are thrust into the future the mandate driven leadership model is the hallmark of visionaries who have changed entire industries and sustained consistent innovation in their own companies the power of mandate reveals what it takes to be an effective leader in today s disruptive business environment you ll learn how the most audacious visionaries managed turn their visions into reality this timely book will help you discover your inner visionary avoid the pitfalls of consensus leadership create a mandate driven culture develop leadership skills in others and more profiles of the most successful mandate driven leaders including amazon s jeff bezos apple s steve jobs facebook s mark zuckerberg netflix s reed hastings airbnb s brian chesky dxc technology s mike lawrie and microsoft s bill gates provide invaluable leadership lessons you can begin applying today

latin americans as sailors this remark caused laughter among 19th century foreign observers particularly british observers yet latin americans did struggle to create important merchant fleets an effort largely ignored outside the region this book rescues latin american shipping from oblivion in a chronological narrative it presents the most important events in the emergence of latin american shipping

while focusing on the shipping companies the book also roams widely into governmental policy foreign relations and naval affairs divided into two parts the book opens with a brief summary of the age of sailing ships then traces the history of the first steamship companies focusing on brazil and chile until 1914 part i then goes on to analyze the impact of world war i and the great depression part ii considers world war ii and u s surplus ships new issues in latin american shipping arising in the 1950s will be discussed in another volume
