in contemporary japan 85 of children in alternative care remain housed in large welfare institutions as opposed to family based foster care this publication examines how japan has been isolated from global discourse on alternative care urging a shift in social work and alternative care policies as the first ethnographic account from inside child guidance centres it makes a key contribution towards understanding the closed world of japan s social services including the decision making processes by which a child is removed from the family and placed into care in addition regional variation in policy implementation for alternative care is outlined with reference to detailed case studies and a discussion around organisational cultures of the child guidance centres where foster care is constructed as anything other than professional it is often seen as a threat to the child s family bond with their natal parent and therefore not used child guidance centres in japan destabilises this construction of the family bond as singular and discrete highlighting new practices in alternative care child guidance centres in japan alternative care and the family will be a vital resource for students scholars of social work and japanese studies as well as practitioners and lobbyists involved in alternative care

one of aesop s fables tells of the fox who taunted the lion about having so few children yes the lion replies but every child is a lion this dispute is particularly appropriate to alisa klaus s comparative account of the early history of maternal and child welfare programs in the united states and france over a thirty year period her central concerns include the ways in which pronatalism in france and fears of race suicide in the united states shaped public and professional intervention in reproduction and the influence of women s organizations on social policy in two different institutional and political settings

bat teaches basic skills and knowledge necessary for children to identify and prevent potentially harmful situations to be able to treat common injuries and to respond in emergency situations
