from the first shots fired at lexington to the signing of the declaration of independence to the negotiations for the louisiana purchase joseph j ellis guides us through the decisive issues of the nation s founding and illuminates the emerging philosophies shifting alliances and personal and political foibles of our now iconic leaders washington jefferson madison hamilton and adams he casts an incisive eye on the founders achievements arguing that the american revolution was paradoxically an evolution and that part of what made it so extraordinary was the gradual pace at which it occurred he explains how the idea of a strong federal government was eventually embraced by the american people and details the emergence of the two party system which stands as the founders most enduring legacy ellis is equally incisive about their failures and he makes clear how their inability to abolish slavery and to reach a just settlement with the native americans has played an equally important role in shaping our national character with eloquence and insight ellis strips the mythic veneer of the revolutionary generation to reveal men both human and inspired possessed of both brilliance and blindness american creation is an audiobook that delineates an era of flawed greatness at a time when understanding our origins is more important than ever

the must read summary of joseph j ellis s book american creation triumphs and tragedies at the founding of the republic this complete summary of american creation by joseph j ellis a previous pulitzer prize winner and a

renowned american historian outlines ellis s examination of the founding years of american society it examines six key moments in early american history including the writing of the declaration of independence and the founding of the political parties against the tide he shows that the founding fathers were in fact simply flawed men who shaped american society but failed to deal with problems such as slavery and the treatment of native americans added value of this summary save time understand the founding years of american society expand your knowledge of american society and history to learn more read american creation and benefit from ellis s analysis of the main turning points of the united states early history

the orthodox church is one of the three major branches of christianity there are over 300 million adherents throughout the world the orthodox church is a fellowship of independent churches which split from the roman church over the question of papal supremacy in 1054 the orthodox adherents include people in greece georgia russia and serbia there are an estimated one million members in the united states this advanced book explains the basic principles of orthodox christianity and describes in detail the holidays observed by the orthodox church in addition relevant book literature is presented in bibliographic form with easy access provided by title subject and author indexes

the book investigates the intricate world of entrepreneurship examining its dual nature as a force for constructive societal change as well as a potential source of destructive consequences to examine these two facets in detail the book scrutinizes the interplay between individual actions and institutional frameworks showing how entrepreneurship can drive economic and social progress or hinder it through rent seeking behaviors and exploitation of institutional gaps by analyzing various settings from capitalist to state controlled economies the book highlights the role of the rules of the game in determining whether entrepreneurial activities contribute positively to society or perpetuate inequality and inefficiency as

such in the context of emerging markets this book addresses the question of when are entrepreneurial activities constructive and when are they destructive through a nuanced examination of diverse economic settings and institutional environments the book illuminates how entrepreneurship can foster innovation and social value while also perpetuating corruption and inefficiency by integrating theoretical frameworks with empirical evidence it provides a comprehensive analysis of the factors influencing both productive and destructive entrepreneurial behaviors the aim is to deepen readers understanding of how entrepreneurship interacts with various contexts and to advocate for ethical and socially responsible practices ultimately inviting contemplation on the challenges and opportunities that arise in the evolving landscape of entrepreneurship as such this book is a valuable resource for scholars studying these phenomena but also practitioners and policymakers alike

this handbook focuses on the complex relationship between entrepreneurship and conflict editors wim naudé and bernadette power construct a broad overview of central research themes in the field covering states being captured by entrepreneurs states capturing businesses entrepreneurship in post conflict reconstruction and entrepreneurs in conflict against other entrepreneurs
