this book is a practical guide designed to stimulate story writing in the early years and primary classroom it offers a collection of novel and effective ideas which can be used by educators to energize excite and motivate children to willingly write stories

this book describes research undertaken by leading australian researcher in indigenous communities while the chapters are australian in their focus the issues that are discussed are similar to those in other countries where there are indigenous people in most cases in australia and internationally indigenous learners are not succeeding in school thus making the transition into work and adulthood quite tenuous in terms of mainstream measures the importance of being literate and numerate are critical in success in school and life in general thus making this collection an important contribution to the international literature the collection of works describes a wide range of projects where the focus has been on improving the literacy and numeracy outcomes for indigenous students the chapters take various approaches to improving these outcomes and have very different foci these foci include aspects of literacy numeracy curriculum leadership icts whole school planning policy linguistics and indigenous perspectives most of the chapters report on large scale projects that have used some innovation in their focus the book draws together these projects so that a more connected sense of the complexities and diversity of approaches can be gleaned

if your child struggles to relax fall asleep at night then these fun educational 10 minute bedtime stories could be the solution you need welcome to the bedtime stories revolution i have made it my mission to create the bedtime stories

revolution to help parents and kids enjoy a deeply relaxing daily bedtime story before sleep why i strongly believe in the power of bedtime stories for several reasons firstly bedtime stories help children sleep which has become an issue for many children and adults in this tech fueled society so by installing healthy sleep habits in your child from a young age you are helping them not only get the healing sleep the need now but also developing habits that will last a lifetime put simply sleep is essential to your child s development adequate amounts of sleep leads to improved attention behavior learning memory quality of life and mental health bedtime stories are about much more than just sleep though they allow you and your child to deeply connect at the end of each day a time your child will cherish and this alone will get them excited for bedtime and we haven t even mentioned the endless life lessons that can be portrayed through the power of storytelling as well as the numerous cognitive mental emotional benefits regular bedtime stories can bring study after study has shown how bedtime stories help improve children s well being learning potential creativity child parent bonding and can make them far happier than scrolling on their ipad aimlessly while inspiring children to become amazing creators and this particular book contains only short 10 minute stories which is perfect for children who struggle to concentrate for long periods and is the perfect introduction to reading listening to stories then after a while when you both feel your child is ready you can move onto the longer more explorative books in the other stories in this series also it allows for you and your child to potentially listen or read you get a free pdf with each purchase several stories a night if 1 isn t enough so if you want to deeply bond every night with your child using the incredible power of bedtime stories then scroll up and click add to cart p s we encourage discussing each and every story with your child to add the extra dimension of solidifying the lessons entertainment from each and every story p p s if you enjoy these stories be sure to check out the other books in the series to help spread the bedtime stories revolution enjoy

bedtime will now be a time of magical fairies mischievous elves wicked witches and talking animals enter a wondrous land of fantasy and fun

a trusted economic commentator provides a penetrating account of the threats to china s continued economic riseunder president xi jinping china has become a large and confident power both at home and abroad but the country also faces

serious challenges in this critical take on china s future economist george magnus explores four key traps that china must confront and overcome in order to thrive debt middle income the renminbi and an aging population looking at the political direction president xi jinping is taking magnus argues that xi s authoritarian and repressive philosophy is ultimately not compatible with the country s economic aspirations thorough and well researched the book also investigates the potential for conflicts over trade china s evolving relationship with trump and the country s attempt to win influence and control in eurasia through the belt and road initiative

this book includes simple but powerful ideas and instructions for integrating technology into presentations and using booktalks to launch learning across the curriculum for grades 6 12 adapted from back cover
