this book offers a large scale quantitative investigation of referential null subjects as they occur in old middle and early modern english using corpus linguistic methods and drawing on five corpora of early english it empirically examines the occurrence of subjectless finite clauses in more than 500 early english texts spanning nearly 850 years on the basis of this substantial data kristian a rusten re evaluates previous conflicting claims concerning the occurrence and distribution of null

subjects in old english he explores the question of whether the earliest stage of english can be considered a canonical or partial pro drop language and provides an empirical examination of the role played by central licensors of null subjects proposed in the theoretical literature the predictions of two important pragmatic accounts of null arguments are also tested throughout the book builds its arguments primarily by means of powerful statistical tools including generalized fixed effects and mixed effects logistic regression modelling the volume is the most comprehensive examination of null subjects in the history of english to date and will be of interest to syntacticians historical linguists and those working in english and germanic linguistics more widely

this is a study of the most fascinating and idiosyncratic of all seventeenth century figures like its famous predecessor the cheese and the worms the cosmos of a sixteenth century miller it explores the everyday life and mental world of an extraordinary yet humble figure born in lincolnshire with a family of cambridgeshire origins thomas totney 1608 1659 was a london puritan goldsmith and veteran of the civil war in november 1649 after fourteen weeks of self abasement fasting and prayer he experienced a profound spiritual transformation taking the prophetic name theauraujohn tany and declaring himself a jew of the tribe of reuben descended from aaron the high priest he set about enacting a millenarian mission to restore the jews to their own land inspired prophetic gestures followed as tany took to living in a tent preaching in the parks and fields around london he gathered a handful of followers and in the week that cromwell was offered the crown infamously burned his bible and attacked parliament with sword drawn in the summer of 1656 he set sail from the kentish coast perhaps with some disciples in tow bound for jerusalem he found his way to holland perhaps there to gather the jews of amsterdam some three years later now calling himself ram johoram tany was reported lost drowned after taking passage in a ship from brielle bound for london during his prophetic phase tany wrote a number of remarkable but elusive works that are unlike anything else in the english language his sources were varied although they seem to have included almanacs popular prophecies and legal treatises as well as scriptural and extra canonical texts and the writings of the german mystic jacob boehme indeed tany s writings embrace currents of magic and mysticism alchemy and astrology numerology and angelology neoplatonism and gnosticism hermeticism and christian kabbalah a ferment of ideas that fused in a millenarian yearning for the hoped for

this second volume details the continued spread of muslim culture and peoples during the sixteenth seventeenth and eighteenth centuries a period that saw the height of the powerful ottoman safavid and mughal empires followed by their precipitous decline the contributions of muslims to the development of western civilization continue to be highlighted in this chronology most notably the impact of the ottoman empire on western art and literature and its role in creating an environment in which the protestant reformation could take root this volume reveals the interconnectedness of the muslim jewish african and european diasporas during this period
