examination thesis from the year 2020 in the subject american studies culture and applied geography grade 1 0 university of würzburg language english abstract this paper first examines and looks into the definitions development and sources of political correctness as a cultural concept which has significantly been coined in a certain direction since its first occurrence beforehand as a framework and to put it into a sociological relevant perspective pierre bourdieu bruno latour and their findings about the connection of language society and their mutual influence will be discussed furthermore putting theory into practice three speeches of three different politicians representing anti pc strategies via three different sorts of media will be analysed moreover respective repercussions in society will be outlined and associated with results of the analysis political correctness belongs in the dustbin of history alice weidel faction leader of the far right populist german party afd enthusiastically demanded on the nationwide party s conference in 2017 this statement made her and her party s position regarding political correctness perfectly clear when it comes to the emotional debate about being pro or anti political correctness it seems to be that the far right parties across europe and many conservative politicians in the united states have similar attitudes to this topic the urgency of exploring and revealing strategies which connect pc and far right propaganda and thereby coin a dangerous cultural narrative can be observed for instance in germany in respect of the predominantly anti muslim blog politically incorrect news pi news which is under surveillance of the bavarian constitution protection and counts 10 000 daily visitors in 2017 the blog s operators describe their site as against mainstream pro american and pro israeli and in a constant battle for the german constitution against the ideology of multiculturalism now the united states of america have been functioning and still work in many diverse realms of cultural and respective political changes as a blueprint and virtually as a forecast for developments in europe this has been and still is the case with political correctness as a phenomena which seems to be a connecting piece of society and politics

consequently examining and understanding pc and anti pc as a presumed strategy of politicians of the right means tracing it back to its origins in the u s eventually analysing its effects and consequences can possibly provide an idea how to counteract the difficulties which it also causes in europe

the main concern of the book is the way in which such seemingly obvious notions as labour and production have contributed to the formation of human subject in european culture what is offered to the reader is a reading and a re reading of a number of conceptualisations of culture of a number of such labours of the mind in which labour and production either explicitly or implicitly become principles in the evaluation of cultures as well as powerful tools for the ideological constitution and reconstruction of social space what the book also addresses is the question of the ways culture is related to nature and hence the question of the reality of culture which inevitably hinges on questioning the reality of reality itself

the dalit movements in india have occupied significant place in the history of social movements as well as in the discourse of social sciences these movements have addressed numerous issues that facilitate to understand and analyse indian polity the literary expression of political consciousness and movements among or for the dalits in north india is the new emerging trend this trend has served enormously to the cause and widened its constituency the book explores relationship between politics and literature with a critical analysis of texts from the hindi literature both by dalits and nondalits it underlines not only the major issues and concerns of the movements but also to demonstrate that political consciousness is also expressed through many more innovative and creative methods like art and literature
