this edited collection stimulates discussion shares practice and explores challenges around current and new approaches to inquiry encompassing all aspects of

entrepreneurship research from its conception through to its execution and related issues such as education training and learning

a fresh approach to managing organizational change by looking at it as complex dynamic and messy as opposed to a series of neat linear stages and processes leading to success key to the approach is the idea that change creativity and innovation all overlap and interconnect rather than being three separate areas of study and that managing the three together is central to organizations having the competitive edge in developing new technologies and techniques products and services the book continues to offer practical guidelines as well as a theoretical understanding of change creativity and innovation it delivers an equal balance of critical perspectives and sound ideas for organizational change and development and presents the idea that change can be proactive driven by creativity and innovation the new edition includes additional change management content including learning personal change managing the self employability developments in conventional organizational development and new emergent forms including appreciative inquiry along with a series of rich international case studies including tnt australia amazon leeds rhinos jerusalem paints alpha pro pump and kpmg it is supported by a range of learning and revision aids including reflective exercises review and discussion questions and hands on research tasks all of which help students to reflect on the material covered and provide a source for more open group discussion and debate a companion website accompanies the book with additional material including powerpoint slides for lecturers and video links and access to sage journal articles for students suitable for upper level undergraduates and postgraduate students

doctoral thesis dissertation from the year 2022 in the subject english language and literature studies linguistics university of baghdad language english abstract the study of identity within a given discourse is one of the significant topics in the field of critical discourse analysis iraqi christian identity has undergone various political and social changes during different historical periods leading to the emergence of the christian identity as a minority in society the present study investigates the representation of the identity of iraqi christian minority in the narrative discourse of selected english and arabic novels more precisely the present study is a critical discourse analysis of the christian identity as a minority in selected english and arabic novels namely the english novel abducted in iraq by saa d hanna 2017 and the arabic novel الحفيدة الامريكية the american granddaughter by inaa m kachachi 2009 the study aims at first identifying the identity representation of iraqi christian minority in the narrative discourse of selected english and arabic novels before and after 2003 war second investigating the textual resources and their role in the identity construction of iraqi christian minority in the narrative discourse of selected english and arabic novels before and after 2003 war third identifying the discursive resources and their role in the identity construction of iraqi christian minority in the narrative discourse of selected english and arabic novels before and after 2003 war fourth examining the social resources and their role in the identity construction of iraqi christian minority in the narrative discourse of selected english and arabic novels before and after 2003 war that is it examines the role played by power and social dynamisms in the identity construction under analysis and fifth investigating similarities and differences in the identity construction of iraqi christian minority in the narrative discourse of selected english and arabic novels before and after 2003 war at the textual discursive and social levels of analysis for achieving the afore mentioned aims a purposive sampling technique is used to choose the most representative data from the selected english and arabic novels the data is analysed according to a synthesised theoretical framework based on wodak et al 2009 fairclough 2015 wortham 2001 and graumann 1999 the data are analysed both qualitatively and quantitatively

an unprecedented text explains how to analyze the role of rhetoric in organizations integrating rhetorical theories and methods with principles of organizational communication this pioneering text provides students with a step by step method for analyzing and critiquing examples of organizational rhetoric the first half of the book offers an accessible introduction to rhetorical research theory and criticism and equips students for analyzing the messages of organizations in a variety of contexts the second half focuses on needs in real life organizational situations to create and maintain identity to manage messages about issues risk and crisis and to communicate with those inside the organization contemporary examples and case studies including a dispute over clean energy in texas efforts on the part of restaurant owners in new york to fight food labeling requirements and a university s announcement that it is building a body farm illustrate the importance of this area of study and provide opportunities for students to apply their emerging analytical and critical thinking skills key features grounds the explanation and critique of persuasive organizational messages in traditional and contemporary rhetorical literature shows students how to critique the messages organizations use to create and maintain organizational power demonstrates the importance of rhetoric to the success of the organization uses case studies and accompanying worksheets to help students move through the process of analyzing sample situations and messages covers image impression management issue management crisis management and other key facets of organizational rhetoric includes models of the book s method for analysis at the beginning of each chapter to help students visualize how each step fits into the larger system intended audience organizational rhetoric situations and strategies is ideal for a wide range of courses at the upper level undergraduate and master s level including organizational communication organizational studies public relations and rhetorical studies this first of its kind textbook is also an essential addition to the libraries of communication rhetoric and business instructors

the past two decades have seen an outpouring of work in legal theory that is self consciously critical of aspects of american law and the institutions of the liberal state in this lively volume eminent scholars in philosophy law and political science respond to this recent scholarship by exploring what constitutes a radical critique of the law examining such theories as critical legal studies feminist theory and theories of difference and critical race theory the authors consider whether the critiques advanced in recent legal theory can truly be called radical and what form a radical critique of american law should take writing at the cutting edge of the critique of critical legal theory they offer insights first on critical legal scholarship then on feminist political and legal theory a third group of contributions questions the radicalness of these approaches in light of their failure to challenge fundamental aspects of liberalism while a final section focuses on current issues of legal reform through critical views on criminal punishment including observations on rape and hate speech each major essay describes the underlying principles in the development of a radical legal theory and addresses unresolved questions relating to it while accompanying commentaries present conflicting views the resulting dialogue explores wide ranging issues like equity value relativism adversarial and empathic legal advocacy communitarianism and the social contract impartiality and contingency natural law and corrective justice a common thread for many of the articles is a focus on the social dimension of society and law which finds the individualism of prevailing liberal theories too limiting radical critiques of the law is particularly unique in presenting critical and feminist approaches in one volume along with skeptical commentary about just how radical some critiques really are proposing alternative critiques that embody considerably greater promise of being truly radical it offers provocative reading for both philosophers and legal scholars by showing that many claims to radicalism are highly problematic at best

includes section new books

the public outcry for a return to moral education in our schools has raised more dust than it s dispelled building upon his provocative ideas in on becoming responsible michael pritchard clears the air with a sensible plan for promoting our children s moral education through the teaching of reasonableness pritchard contends that children have a definite but frequently untapped capacity for reasonableness and that schools in a democratic society must make the nurturing of that capacity one of their primary aims as fundamental to learning as the development of reading writing and math skills reasonableness itself he shows can be best cultivated through the practice of philosophical inquiry within a classroom community in such an environment children learn to work together to listen to one another to build on one another s ideas to probe assumptions and different perspectives and ultimately to think for themselves advocating approaches to moral education that avoid mindless indoctrination and timid relativism pritchard neither preaches nor hides behind abstractions he makes liberal use of actual classroom dialogues to illustrate children s remarkable capacity to engage in reasonable conversation about moral concepts involving fairness cheating loyalty truthtelling lying making and keeping promises obedience character and responsibility he also links such discussions to fundamental concerns over law and moral authority the roles of teachers and parents and the relationship between church and state pritchard draws broadly and deeply from the fields of philosophy and psychology as well as from his own extensive personal experience working with children and teachers the result is a rich and insightful work that provides real hope for the future of our children and their moral education
