in this study arguments are put forward for the thesis that biblical exegesis of the old testament prophetic literature is not a simple matter of interpreting texts but is also a process in which logical models or possible worlds are constructed to accommodate the validity of particular interpretations the lack of a model theoretical orientation to old testament methodological approaches has led to a situation in which the criticism of particular theories rarely addresses the real points of disagreement between scholars one theory is simply set against another even though the theories would be more effectively evaluated by

discussing the validity and relevance of the different models in which they are framed there are various plausible and relevant models available for the interpretation of old testament texts in order to compare these different models a metalogical system charles sanders peirce s semiotics has been used throughout this study many important methodological issues are discussed in this study a

includes various reports of the association
