this book examines systematically both the theoretical and practical issues that have characterized the discipline over the past two centuries some of the historically most consequential mistakes in archaeology are dissected and explained together with the effects of the related controversies

take control of your life especially spiritually knowing that god has created you for greatness claim the greatness that god intends for you now and bring new courage into your life few distinctions are more fundamental to classical christian theology than that between god and creation in this remarkable book john lucy challenges this fundamental distinction proposing that christians should reckon instead with the category of created human divinity lucy is to be commended for the

remarkable range of theologians he engages and for making his case with boldness and clarity good scholarship makes us think and created human divinity does just that r kendall soulen professor of systematic theology at wesley theological seminary

the earth is in crisis we know this we have known this for a long time in the throes of the unfolding nightmare we call capitalism it is not hard to see and hear the violence that is being enacted against the planet if we are to move beyond the idea that humanity is tasked with expressing our dominion over nature and towards a renewed integral understanding of humanity as firmly located within the biosphere as an anarchist political ecology demands then we have to start interrogating the privileges hierarchies and human centric frames that guide our ways of knowing and being in the world this volume centers around the idea that anarchism as a conceptual framework encourages us to contend with the multiple lines of difference the various iterations of privilege and the manifold set of archies that undergird our understandings of the world and crucially our place within it

choose your own learning adventure with curiositree a new series of visually compelling information charts discover the myriad reasons why humans have become the most successful species on the planet in this fascinating complete visual history of mankind travel from our earliest beginnings to the modern day and discover how our evolution is interconnected by following the arrows that link to charts on related topics throughout the book exploring the development of farming the origins of writing religion trade weapons and armor the first cities and the growth of technology in the modern age this visual compendium of wonders from the mind of man is full of fascinating information for curious young readers
