the first great awakening in eighteenth century america challenged the institutional structures and raised the consciousness of colonial americans these revivals gave rise to the practice of itinerancy in which ministers and laypeople left their own communities to preach across the countryside in contested boundaries timothy d hall argues that the awakening was largely defined by the ensuing debate over itinerancy drawing on recent scholarship in cultural and social anthropology cultural studies and eighteenth century religion he reveals at the center of this debate the itinerant preacher as a catalyst for dramatic change in the religious practice and social order of the new world this book expands our understanding of evangelical itinerancy in the 1740s by viewing it within the context of britain s expanding commercial empire as pro and anti revivalists tried to shape a burgeoning

transatlantic consumer society the itinerancy of the great awakening appears here as a forceful challenge to contemporary assumptions about the place of individuals within their social world and the role of educated leaders as regulators of communication order and change the most celebrated of these itinerants was george whitefield an english minister who made unprecedented tours through the colonies according to hall the activities of the itinerants including whitefield encouraged in the colonists an openness beyond local boundaries to an expanding array of choices for belief and behavior in an increasingly mobile and pluralistic society in the process it forged a new model of the church and its social world as a response to and a source of dynamic social change itinerancy in hall s powerful account provides a prism for viewing anew the worldly and otherworldly transformations of colonial society contested boundaries will be of interest to students and scholars of colonial american history religious studies and cultural and social anthropology

in the other side of truth filmmaker paul kimball crosses the rubicon of the imagination to explore the idea that what we call the paranormal is actually a form of artistic expression created by an advanced non human intelligence to inspire us to think about who we are where we have been and where we are going using his own journey of discovery as the starting point kimball presents the other side of truth the world not as we have been told it is but as we are being encouraged to imagine that it could become
