this volume investigates written communication before and after the introduction of printing in england

early modern books were not stable or settled outputs of the press but dynamic shape changers subject to reworking re presentation revision and reinterpretation their history is often the history of multiple sometimes competing agencies as their texts were re packaged redirected and transformed in ways that their original authors might hardly recognize processes of editing revision redaction selection abridgement glossing disputation translation and posthumous publication resulted in a textual elasticity and mobility that could dissolve distinctions between text and paratexts textuality and intertextuality manuscript and print author and reader or editor such that title and author s name are no longer sufficient pointers to a book s identity or contents this collection brings together original essays by an international team of eminent scholars in the field of book history that explore these various kinds of textual inconstancy and variability the essays are alive to the impact of commercial and technological aspects of book production and distribution discussing for example the career of the pre eminent bookseller john nourse the market appeal of abridgements and the financial incentives to posthumous publication but their interest is also in the many additional forms of agency that shaped texts and their meanings as books were repurposed to articulate and respond to a variety of cultural and individual needs they engage with early modern religious political philosophical and scholarly trends and debates as they discuss a wide range of genres and kinds of publication including fictional and non fictional prose verse miscellanies abridgements sermons religious controversy and of authors including lucy hutchinson richard baxter john dryden thomas burnet john tillotson henry maundrell jonathan swift samuel richardson john wesley and samuel taylor coleridge the result is a richly diverse collection that demonstrates the embeddedness of the book trade in the cultural dynamics of early modernity

accurate information is essential to successful business activity the early modern period saw an increase in printed commercial information including newspapers printed exchange rates and educational texts part of the print revolution that permeated all aspects of the early modern world rather than relying on externally produced printed works commercial agents retained agency in creating and sharing their own business and educational information which was shared in other forms and prioritised and valued over printed material this book explores the ways that merchants and other commercial agents learned about business in the early modern british

atlantic world it considers how they acquired dispersed stored and used information as well as considering their contribution to creating and shaping that information prioritising a wide range of manuscript material held in disparate collections including merchants correspondence letter books notebooks family papers exercise books and ships logs talbott explores the ways that knowledge information and business education was created circulated and used in the early modern british atlantic world it offers a new perspective on the exchange of business information in a period dominated by discussions of print prioritising manuscript and oral forms of exchange in doing so it presents a more holistic account of the ways that networks of knowledge operated in early modern business centralising the creation circulation and use of business information specifically by those individuals most involved in and most affected by its production
