author's original intent and in a substantive new preface Elie reflects on the enduring importance of *Night* and his lifelong passionate dedication to ensuring that the world never forgets man's capacity for inhumanity to man. *Night* offers much more than a litany of the daily terrors, everyday perversions and rampant sadism at Auschwitz and Buchenwald. It also eloquently addresses many of the philosophical as well as personal questions implicit in any serious consideration of what the Holocaust was, what it meant and what its legacy is and will be.

Not since Albert Camus has there been such an eloquent spokesman for man. The New York Times book review of the publication of *Day* restores Elie Wiesel's original title to the novel, initially published in English as *The Accident*, and clearly establishes it as the powerful conclusion to the author's classic trilogy of Holocaust literature which includes his memoir *Night* and novel *Dawn in Night*. It is the *I* who speaks, writes Wiesel, in the other two it is the *I* who listens and questions. In its opening paragraphs a successful journalist and Holocaust survivor steps off a New York City curb and into the path of an oncoming taxi. Consequently, most of Wiesel's masterful portrayal of one man's exploration of the historical tragedy that befell him, his family and his people transpires in the thoughts, daydreams and memories of the novel's narrator, torn between choosing life or death. Day again and again returns to the guiding questions that inform Wiesel's trilogy: the meaning and worth of surviving the annihilation of a race, the effects of the Holocaust upon the modern character of the Jewish people and the loss of one's religious faith in the face of mass murder and human extermination.

Elie Wiesel is a consummate storyteller, commentator on classic Jewish texts, human rights activist, university professor and winner of the Nobel Peace Prize. Celebrating Elie Wiesel presents stories, essays and reflections that celebrate his extraordinary literary, moral, religious and human rights contributions.

Upon presenting the 1986 Nobel Prize for Peace to Elie Wiesel, Egil Aarvik, chairman of the Norwegian Nobel Prize Committee, hailed him as a messenger to mankind, not with a message of hate and revenge but with one of brotherhood and atonement. Elie Wiesel, messenger to all humanity, first published in 1983, echoes this theme and still affirms that message: a call to both Christians and Jews to face the tragedy of the Holocaust and begin again.
