performance coaching is a modern and rapidly growing method used to assist development and involves helping individuals to improve their performance in all areas of their life with a particular emphasis on the workplace performance coaching draws parallels with nlp and often focuses on the psychology of excellence making what's good even better and helping individuals keep ahead of the game on an organisational level it can include helping managers to consider how to get the best from their staff peers and superiors as well as

helping to identify strengths weaknesses opportunities and threats a performance coach assists individuals in building on their successes and helps to design plan and instigate successful business life strategies despite its popularity confusion still surrounds coaching it is a relatively new area and there is still a lack of understanding about how best to use coaching and in what specific situations it will be most effective in addition to this anyone can assume a performance professional business life coach title without holding any particular qualification or registration with this increased awareness and confusion the need for a no nonsense book on the topic that offers trusted advice is needed all the more which is where performance coaching for dummies steps in

overview if you want to learn how to help clients in achieving a specific personal or professional goal by providing training and guidance then this course if for you in this diploma course you will learn several kinds of coaching approaches such as the psychodynamic approach the cognitive behavioural approach the nlp approach as well as others to become a professional coach the study material has been written by leading international authors each chapter of the book makes explicit links between theory and practice with questions and case studies facilitating further reflection on the topic content there are three parts you have to deal with part 1 explores the theoretical traditions underpinning coaching such as cognitive behavioural gestalt and existential part 2 covers applied contexts formats or types of coaching such as developmental life executive peer team and career coaching part 3 focuses on professional issues that impact on the coach such as ethics supervision continuing professional development standards and mental health issues duration 3 months assessment the assessment will take place on the basis of one assignment at the end of the course tell us when you feel ready to take the exam and we'll send you the assignment questions study material the study material will be provided in separate files by email download link

coaching is a necessary skill for managers it is important as a fundamental part of an organization's talent efforts including talent acquisition development and retention strategies for a coaching program to succeed in an organization it should be recognized as a useful approach throughout the organization and become part of the fabric of the corporate culture performance coaching for managers provides an important tool for organizations to use to train their managers on coaching this book differs significantly from other books in the coaching market many books on coaching cast coaches as facilitators who question their clients the coachees helping them to articulate their own problems formulate their own solutions develop their own action plans to solve problems and measure the success of efforts to implement those plans that is called a nondirective approach but this book adopts a directive approach by casting the coach as a manager who diagnoses the problems with worker job performance and offers specific advice on how to solve those problems while there is nothing wrong with a nondirective approach it does not always work well in job performance reviews in which the manager must inform the worker about gaps between what is needed the desired and what is performed the actual the significant difference between what is currently available in the market and what is offered in this book is the authors collective experience of over 70 combined years of hands on research and delivery experiences in the human resources development field according to the harvard business review 2015 workers generally expect their immediate supervisors to give them honest feedback on how well they do their jobs and specific advice on what to do if they are not performing in

alignment with organizational expectations when workers do not receive advice but instead are questioned about their own views they regard their managers as either incompetent or disingenuous effective managers should be able to offer direction to their employees after all managers are responsible for ensuring that their organizational units deliver the results needed by the organization if they fail to do that the organization does not achieve its strategic goals this book gives managers direction in how to offer directive coaching to their workers

performance coaching offers a guide to the fundamentals of coaching with an overview of all the key principles tools and case studies you need to develop more advanced knowledge whether you're thinking about becoming a coach already running a professional coaching practice or thinking about how you can embed a coaching culture in your organization carol wilson illustrates how to develop a best practice approach using practical tools throughout and with international case studies to illustrate the various cultural challenges coaches and managers can face performance coaching is a complete resource for developing coaching in any organization this new edition of performance coaching has been completely updated to offer a greater focus on building a coaching culture in organizations and the challenges that leaders face in understanding and developing a coaching approach

effective performance coaching can help individuals and organizations achieve their maximum potential tackle challenges and reach specific goals it leads to personal and professional development improves productivity performance and motivation and helps to create a work life balance best practice in performance coaching is both an introduction for anyone thinking of becoming or hiring a coach whether private or corporate and a reference guide for experienced coaches a practical guide to the what and the how of performance coaching it covers a broad range of topics from the personal and executive angle and explains the structure of a coaching relationship the book contains extensive guidance on coaching techniques and the best known and emerging models and tools as well as advice on how to train as a coach how to run a coaching practice and how to structure coaching sessions complete with worksheets and exercises evaluations and international case studies this is a thorough guide to performance coaching forewords by sir john whitmore and sir richard branson

fast accessible and clearly written performance coaching is comprehensive and rich in real examples of real executives achieving real success in real life situations even experienced coaches can find key tips and tools that will enhance their performance a practical book with wonderful tips ideas and perspectives kriss akabusi mbe ma

coaching for performance is the proven resource for all coaches and pioneers of the future of coaching magdalena n mook ceo international coach federation icf shines a light on what it takes to create high performance john mcfarlane chairman barclays chairman thecityuk coaching for performance is the definitive book for coaches leaders talent managers and professionals around the world an international bestseller featuring the influential grow model this book is the founding text of the coaching profession it explains why enabling people to bring the best out of themselves is the key to driving productivity growth and engagement a meaningful coaching culture has the potential to transform the relationship between organizations and

employees and to put both on the path to long term success written by sir john whitmore the pioneer of coaching and performance consultants the global market leaders in performance coaching this extensively revised and extended edition will revolutionize the traditional approach to organizational culture brand new practical exercises corporate examples coaching dialogues and a glossary strengthen the learning process whilst a critical new chapter demonstrates how to measure the benefits of coaching as a return on investment ensuring this landmark new edition will remain at the forefront of professional coaching and leadership development

managing employees in today's rapidly evolving workplace can sometimes feel like negotiating a minefield such recent new trends as flexitime telecommuting 360 degree feedback the flattening of hierarchies and the increased use of temps and contract workers present tough new challenges for supervisors in every field this timely completely revised and updated edition of ferdinand fournies's classic management coaching bible shows you proven ways to get workers to perform at the highest level while eliminating the self destructive kinds of behaviors that have become increasingly prevalent in recent years in this book you'll be taught specific face to face interventions you can use to enhance performance in every kind of workplace situation from sales to creative brainstorming there are also interventions uniquely suited to resolving problems ranging from low productivity to absenteeism to conflicts between individuals you'll learn precisely what to say and do so that each person you supervise will want to give you his or her best work even when that person was previously thought to be a problem employee packed with brand new case studies from fournies's latest research into the dynamics of the modern workplace this classic guide takes all the guesswork out of becoming the kind of inspired hands on manager that every company today is looking for

master's thesis from the year 2022 in the subject leadership and human resources leadership grade 17 european university viadrina frankfurt oder european new school of digital business language english abstract this master thesis tries to analyze how both sport and agile could benefit from methods rooted in the other area respectively and where they have the same roots that could be utilized more efficiently to analyze the current situation a systematic literature review was conducted trying to detect best practices and to receive a glimpse of the status quo sport organizations as well as agile businesses are powered by the same engine people as these two areas here definitely have a common ground it would be interesting to see where else they could benefit and improve by orienting on the other area one factor that needs to receive attention here is the impact of how people are educated led organized and coached

this classic in the operation of food service departments covers osha guidelines management skills development menu planning product selection facility design and equipment selection

this textbook outlines the four phases of the human resource development process assessment design implementation and evaluation and explores the workplace socialization process skills training programs the importance of coaching employee counseling career development and development activities for managers the fourth edition incorporate
