introduces the history principles and customs of islam including the life of muhammad a discussion of the koran and the five pillars of islam and the efforts of islamic countries to remain traditional in a modern world

in michael cook s words this book is about a substantial slice of human history delimited by a particular cultural characteristic adherence to islam in some form or other a commitment to islam makes a difference wherever a society and its rulers have come to be muslim this has meant a major discontinuity with its pre islamic past and a significant expansion of its relations with the wider muslim world starting in the pre islamic middle east cook returns a sense of wonder to how muhammad could not only become a prophet of a new monotheistic religion but also unite the arab tribes behind it and create a state that would conquer much of the territory that belonged to the byzantines and the sasanians the two empires that had balanced power in the region for hundreds of years exploring the high culture of the abbasids cook then charts the disintegration of the caliphate and the brief rise of the fatimids and the mongols of the steppe he covers the ottomans turkish safavids iranian mughals india and ventures to east africa madagascar somalia southeast asia and many places between an epilogue gestures to major themes in the post 1800 world

a history of the muslim world since 1260 continues the narrative begun by a history of the muslim world to 1750 by tracing the development of muslim societies institutions and doctrines from the time of the mongol conquests through to the present day it offers students a balanced coverage of muslim societies that extend from western europe to southeast asia whereas it presents a multifaceted examination of muslim cultures it focuses on analysing the interaction between the expression of faith and contemporary social conditions this extensively updated second edition is now in full colour and the chronology of the book has been extended to include recent developments in the muslim world the images and maps have also been refreshed and the literature has been updated to include the latest research from the last 10 years including sections dedicated to the roles and status of women within muslim societies throughout history divided chronologically into three parts and accompanied by a detailed glossary a history of the muslim world since 1260 is a perfect introduction for all students of the history of muslim societies

this encyclopedia looks at islam s role in the modern world doing so in the context of the religion s history and development over the last 13 centuries containing thematic articles biographies of key figures definitions illustrations maps and more this new encyclopedia fills a need in this key area of religious studies

in addition to the important breaking points of the last century such as the abolition of the caliphate the world wars the cold war the collapse of the soviet union the iranian revolution and

the foundation of a new world order which directly affected muslim societies the new conjuncture formed in the wake of the 9 11 attacks brought about various structural problems and changes in the muslim world political and economic developments in the last ten years in particular have brought many muslim countries to the edge of crisis along with political economic and social issues the fact that modernisation and secularisation have become dominant in muslim societies shows that the outcomes of these changes are of great importance in this respect this book offers a significant contribution to debates on the processes of change and transformation in the muslim world in addition to theoretical debates the main dynamics of political and social change in muslim societies are discussed here using specific examples from each country as such this volume will provide the reader with a practical understanding of the historical turning points in the muslim world over recent years

this book examines the history of the muslim world and its peoples islam founded in the arabian peninsula in the early seventh century has become one of the world s main religions a major force in the arab world and beyond

the ebook editions of this book are available open access under a cc by nc nd 4 0 licence on bloomsburycollections com open access was funded by islamic publications ltd what is the extraordinary text that is the quran and how does it relate to the life and times of the prophet muhammad how did a legacy so richly varied in faith law and civilization emerge from the message of the revelation that came to be called islam or submission to god s will this immaculately researched yet thoroughly accessible book offers a journey into the full range of experience past and present secular and sacred of the diverse people and cultures of the muslim world threads of continuity and change are woven through each chapter to make a coherent narrative covering a broad variety of themes and topics poets cities and the architecture of mosques are as much a part of the exploration as multiple aspects of scripture the status of women in the faith and the emergence of a digital community of believers in the aftermath of september 11 2001 understanding what islam is about and what muslims believe is a vital concern across all frontiers a companion to the muslim world is an attractive venture by distinguished scholars to contribute toward this urgent process of comprehension

even though islam is a major religion with more than one billion followers worldwide and more than six million in the united states alone there s still uncertainty and misunderstanding about its ideas tenets and practice understanding islam and the people who believe in it has become crucially important in the greater world this set seeks to foster understanding and answer questions

although there are over one billion muslims in the world and over 10 million in the west most discussion of islam is based on cliches or outright prejudice this lively and compelling book sets out to bridge the gulfs of misunderstanding islam argues akbar ahmed does not mean the subordination of women contempt for other religions opposition to the modern world or barbaric punishments for petty crime but outsiders can understand the realities of islamic tradition only by explaining its sources islam today starts with the life of the prophet muhammad and the quran s five pillars which govern the beliefs and behaviour of muslims everywhere in both historical and political terms the great ottoman safavid and mughal empires have deeply marked the successor states in turkey iran pakistan and india ahmed s highly accessible text is an ideal
