this publication addresses the pressing issues of vocational teacher education vte focusing on institutional organizational and governance aspects firstly it summarizes the results of the four year erasmus capacity building project new mechanisms of partnership based governance and standardization of vocational teacher education in ukraine pagoste funded by the european education and culture executive agency the project s focus has been governance in vte in ukraine secondly it goes beyond the narrow project context and explores challenges as well as good practices in vte systems of other countries in and outside of europe therefore contributions from england new zealand australia italy germany austria and switzerland complement the ukrainian context and provide readers with a more comprehensive understanding of vte systems

countries that have sustained rapid growth over decades have typically had a strong public commitment to expanding education as well as to improving learning outcomes south asian countries have made considerable progress in expanding access to primary

and secondary schooling with countries having achieved near universal enrollment of the primary school age cohort ages 6 11 except for afghanistan and pakistan secondary enrollment shows an upward trend as well beyond school many more people have access to skilling opportunities and higher education today although governments have consistently pursued policies to expand access a prominent feature of the region has been the role played by nonstate actors private nonprofit and forprofit entities in expanding access at every level of education though learning levels remain low countries in the region have shown a strong commitment to improving learning all countries in south asia have taken the first step which is to assess learning outcomes regularly since 2010 there has been a rapid increase in the number of large scale student learning assessments conducted in the region but to use the findings of these assessments to improve schooling countries must build their capacity to design assessments and analyze and use findings to inform policy
